performance assessment is a hot topic in school systems and educators continue to
analyze its costs benefits and feasibility as a replacement for high stakes testing until
now researchers and policymakers have had to dig to find out what we know and what
we still have to learn about performance assessment beyond the bubble test how

performance assessments support 21st century learning synthesizes the latest findings in the field and not a moment too soon statistics indicate that the united states is in danger of falling behind if it fails to adapt to our changing world the memory and recall strategies of traditional testing are no longer adequate to equip our students with the skills they need to excel in the global economy instead teachers need to engage students in deeper learning assessing their ability to use higher order skills skills like synthesizing information understanding evidence and critical problem solving are not achieved when we teach to multiple choice exams examples in beyond the bubble test paint a useful picture of how schools can begin to supplement traditional tests with something that works better this book provides new perspectives on current performance assessment research plus an incisive look at what s possible at the local and state levels linda darling hammond with a team of leading scholars bring together lessons learned new directions and solid recommendations into a single readily accessible compendium beyond the bubble test situates the current debate on performance assessment within the context of testing in the united states this comprehensive resource also looks beyond our u s borders to singapore hong kong and other places whose reform mindedness can serve as an example to us

presents up to date concepts and approaches to the theory and practice of alternatives to animal testing and promotes technology transfer the text addresses some of the ramifications of the national institutes of health revitalization act of 1993 which instructs the nih to fund replacement reduction and refinement alternatives it also describes

beginning with no 650 each hundredth number contains a list of the reports and memoranda published since the last list

urban and regional economics in contrast to the rest of economics places great emphasis on distance and location and the importance of spatial relationships urban economics focuses on the city as a centre of economic activity where productivity is increased through many firms being located close to each other and to decision makers in the public sector but because proximity is important distance within the cities is also important and locations within the city will differ in their economic characteristics at the core of regional economics is the concept of the region as a part of the national economy which has distinct characteristics and which because it is spatially separate

develops in a different way to the rest of the economy in turn the trajectory of the national economy is influenced by the economic performance of its regions this major new reference collection prepared by leading authorities in the field presents a blend of classic articles examples of the most recent research and surveys of particular topics it will be an essential source of reference for students instructors and researchers with an interest in urban and regional economics
