this book is an enquiry into memory in the western world specifically memory is the framework of culture because it links the present to the past or tradition and projects it into the future for this reason any work focusing on memory involves a double challenge 1 to reveal the origin of concepts and 2 to glimpse the course of thoughts this is the case of the present volume in which the authors make several tastings of europe s intellectual heritage by taking into account both the greek origin of this legacy and its relevance for understanding the european philosophical heritage in particular these papers focus on the aristotelian tradition the true keystone of europe and on other currents of thought that have also played an essential role in the intellectual evolution of the old continent in the latter field there are contributions for instance on philosophical religious traditions such as orphism or on certain fundamental aspects of neoplatonism both in the classical world and in christian authors the volume concludes with various works on the survival of these intellectual trends from the renaissance to the present day consequently this work offers the opportunity to delve deeper into some of the aspects that define western civilisation observed both from its origin and its evolution over the centuries the volume contains papers in spanish portuguese italian and english este libro es una indagaci n en la memoria del mundo occidental específicamente la memoria es el armaz n de la cultura porque liga el presente al pasado o tradici n y lo proyecta al futuro por ello toda obra centrada en la memoria entra a un doble reto 1 revelar el origen de los conceptos y 2 atisbar el rumbo de los pensamientos este es el caso del presente volumen en el que realizan diversas catas en el patrimonio intelectual europeo lo hace teniendo en cuenta tanto el origen griego de ese legado como su relevancia para comprender el acervo filos fico europeo en concreto se centra en la tradici n arist telica verdadera clave de b veda de europa y en otras corrientes de pensamiento que también han jugado un papel esencial en la evoluci n intelectual del viejo continente en éste último ámbito hay contribuciones por ejemplo sobre tradiciones filos ficas religiosas como el orfismo o sobre determinados aspectos fundamentales del neoplatonismo en el mundo clásico y en autores cristianos concluye el volumen con diversos trabajos sobre la pervivencia de esas tendencias intelectuales desde el renacimiento hasta nuestros días en consecuencia esta obra ofrece la oportunidad de profundizar en algunos aspectos que definen nuestra civilizaci n observados tanto desde su origen como

desde su evoluci n a lo largo de los siglos

the unification of italy in 1870 heralded a period of unprecedented change while successive liberal governments pursued imperial ventures and took italy into world war one on the allied side on the domestic front technological advance the creation of a national transport network the expansion of state education internal migration to cities and the rise of political associations all contributed to the rapid expansion of the print industry and the development of new and highly diversified reading publics drawing on publishers archives letters diaries and printed material this book provide the most up to date research into the printed media books magazines and journals in italy between 1870 and 1914 with essays on publishers and reading communities the professionalization of the role of journalist and writer children s literature book illustrations and printed media in colonial territories among others this book is intended for those with interests in cultural production and consumption and questions of nation formation and nationhood in and outside italy with the contributions ann hallamore caesar gabriella romani introduction john davis media markets and modernity the italian case 1870 1915 maria grazia lolla reader power the politics and poetics of reading in post unification italy joseph luzzi verga economicus language money and identity in i malavoglia and mastro don gesualdo olivia santovetti the cliché of the romantic female reader and the paradox of novelistic illusion federico de roberto s l illusione 1891 francesca billiani intellettuali militanti funzionari e tecnologici etica ed estetica in tre riviste fiorentine d inizio secolo il regno la voce e lacerba 1903 1914 luca somigli towards a literary modernity all italiana a note on f t marinetti s poesia silvia valisa casa editrice sonzogno mediazione culturale circuiti del sapere ed innovazione tecnologica nell italia unificata 1861 1900 matteo salvadore at the borders of dark africa italian expeditions to ethiopia and the bollettino della societa geografica italiana 1867 1887 ombretta frau l editore delle signore licinio cappelli e la narrativa femminile fra otto e novecento cristina gragnani il lettore in copertina flirt rivista di splendore e declino primo tempo 1897 1902 fiorenza weinapple abbiamo fatto l italia adesso si tratta di fare gli italiani il programma di educazione nazionale del secolo xx fabio gadducci mirko tavosanis printers poets publishers and painters the first years of the giornale per i bambini john p welle the magic lantern the illustrated book and the beginnings of the culture industry

the victory of justinian achieved after a lacerating war put an end to the ambitious project conceived and implemented by theoderic after his arrival in italy that of a new society in which peoples divided by centuries old cultural barriers would live together in peace and justice without renouncing their own traditions but respecting shared principles inspired by the values of civilitas what did this great experiment leave to europe and italy in the centuries to come what were the survivals and the ruptures what were the revivals of that world in early medieval society how did that past continue to be recounted and how did it interact with the present especially in the decisive moment of the frankish conquest of italy this book aims to confront these questions and it does so by exploring different themes concerning politics and ideology culture and literary tradition law epigraphy and archaeology

this research volume reassesses one of the most fundamental transformations in late antiquity centered on a pivotal region the transition from empire to kingdom in italy c 250 500 during the first quarter of the first millennium italy was still the heart of the roman empire the only political superstructure ever managing to encompass the entire mediterranean world and its european hinterland yet during the second quarter of this millennium italy underwent dramatic evolutions from demotion to a provincialized region c 285 395 to a new imperial hub kept afloat by cannibalizing other provinces resources c 395 476 to an autonomous regnum governed by non roman rulers as part of an eastern roman commonwealth c 475 535

the castrato is a nuanced exploration of why innumerable boys were castrated for singing between the mid sixteenth and late nineteenth centuries it shows that the entire foundation of western classical singing culminating in bel canto was birthed from an unlikely and historically unique set of desires public and private aesthetic economic and political in italy castration for singing was understood through the lens of catholic blood sacrifice as expressed in idioms of offering and renunciation and paradoxically in satire verbal abuse and even the symbolism of the castrato's comic cousin pulcinella sacrifice in turn

was inseparable from the system of patriarchyÑinvolving teachers patrons colleagues and relativesÑwhereby castrated males were produced not as nonmen as often thought nowadays but as idealized males yet what captivated audiences and composersÑfrom cavalli and pergolesi to handel mozart and rossiniÑwere the extraordinary capacities of castrato voices a phenomenon ultimately unsettled by enlightenment morality although the castrati failed to survive their musicality and vocality have persisted long past their literal demise
