reasons for the growing interest in women's college basketball is the dedication of the women who coach these student athletes to personal and athletic success. Women currently coach nearly 65 percent of the women's basketball teams in all divisions of the NCAA. Their commitment to their sport and to their athletes has resulted in a game and a generation of athletes unlike any other. This analysis of the role of women coaches in college basketball provides a detailed history of women's involvement in college sports as well as insights into the work of the great women coaches of the past and present, all highlighted through interviews with some of the most important women coaches of today.

Using historical, contemporary, scholarly, and popular sources, Schultz traces the progress and pitfalls of women's involvement in sport by attending to issues such as gender, sexuality, sex segregation, the Olympic and Paralympic Games, media coverage, and the sport-health connection. Schultz shows why women's sports are important for players, fans, and society.

Of all the important factors that must be considered when assessing and treating an athlete, the impact of patient sex is perhaps the most critical yet historically has often been neglected. The same injury in a male patient may present differently, sometimes in subtle ways than in a female patient and may require a different treatment approach. The Female Athlete, edited by Dr. Rachel Frank, provides concise expert coverage of the ways in which common sports medicine injuries present in female patients versus male patients, describing recent literature, analyzing sex differences in injury patterns and available treatment options, provides a comprehensive review of key areas of importance related to care for women in sports, including the differences in care and treatment for male and female patients. Covers many of the most common injuries female athletes face, including ACL injuries, shoulder instability, concussion, stress fractures, female overuse injuries, and more. Considers prevention strategies, nutritional
