the bible contains passages that allow both scholars and believers to project their hopes and fears onto ever changing empirical realities by reading specific biblical passages as utopia and dystopia this volume raises questions about reconstructing the past the impact of wishful imagination on reality and the hermeneutic implications of dealing with utopia good place yet no place as a method and a concept in biblical studies a believer like william bradford might approach a biblical passage as utopia by reading it as instructions for bringing about a significantly changed society in reality even at the cost of becoming an oppressor a contemporary biblical scholar might approach the same passage with the ambition of locating the historical reality behind it finding the places it describes on a map or arriving at a conclusion about the social reality experienced by a historical community of redactors these utopian goals are projected onto a utopian text this volume advocates an honest hermeneutical approach to the question of how reliably a past reality can be reconstructed from a biblical passage and it aims to provide an example of disclosing not obscuring pre suppositions brought to the text

now in a completely updated second edition this textbook has become a favorite for the introductory undergraduate course in comparative politics it features ten theoretically and historically grounded country studies that show how the three major concepts of comparative analysis interests identities and institutions shape the politics of nations throughout the presentation countries appear in the context of a changing global order that creates challenges to each country s path of development these challenges frequently alter domestic interests and identities and force countries to find new institutional solutions to the problems of modern politics written in a style free of heavy handed jargon and organized to address the concerns of contemporary comparativists this textbook provides students with the conceptual tools and historical background they need to understand the politics of our complex world

the bicentennial of the french revolution produced hundreds of articles and books but none more penetrating than this forrest mcdonald

in these two volumes scholars of political science sociology and history adopt a common set of concepts to analyse patterns of change in the ideological and structural foundations of dominance in india from the colonial period to the mid 1980s departing from modernist theories these scholars set out an interactional framework of society state relations where

caste class ethnicity and dominance are treated as structures and processes interacting with each other and with increasingly powerful state institutions these comparative studies provide an explanation of how state policies undermine the religious legitimacy of the hierarchical social order and at the same time facilitate the manipulation of linguistic communal caste and ethnic loyalties to diffuse class polarization the analyses show that subordinate low caste cum class groups are mounting increasingly militant challenges to the hold of the upper castes and classes over state institutions which have provided the most important avenue of social mobility in modern india provided by publisher

as part of the eastern african studies series this text explores the uneasy relationship between the protestant evangelical church mekane yesus established by the oromo of western ethiopia early in the 20th century and the central authorities of the ethiopian state
