professor braj kachru b 1932 has pioneered shaped and defined the scholarly field of world englishes he is the founder and co editor of world englishes the associate editor of the oxford companion to the english language and contributor to the cambridge history of the english language his research on world englishes the kashmiri language and literature and theoretical and applied studies on language and society has resulted in more than 25 authored and edited volumes and more than 100 research papers review articles and reviews the first volume of these collected works brings together a number of kachru s key papers from 1976 to 1990 covering kachru s early work in the development of world englishes as a concept and his exploration of non native varieties of english

this book presents a comprehensive study of the region where krishna one of the most popular gods of devotional hinduism is believed to have spent his early years as a cowherd boy the area of braj lying between delhi and agra is visited annually by hundreds of thousands of pilgrims who come to see the

sacred sites associated with the romantic legends of krishna s youth many of them follow a pilgrimage circuit over 300 km in length that takes up to eight weeks to complete and includes such famous places as mathura vrindaban and gokul for many centuries the krishna legends have been a source of inspiration for poets and devotees all over india since the turn of the 16th century braj has been a focus of their attention devotees who came to settle there related its topography to their conception of a transcendent realm in which krishna is eternally engaged in his divine play with his consort radha the local dialect served as the medium for most of the vernacular literature written in northern india lip to the end of the last century the opening chapters survey the development of the krishna cult from the earliest times to the present day with reference to the extensive literature in sanskrit and modern indian languages as well as to the numerous studies that have been written about the relevant mythology theology archaeology and political history modern pilgrimage and associated beliefs and practices are described and related to what is known about krishna worship in braj prior to the 16th century the various sanskrit and later vernacular texts dealing with the sacred places are examined in detail in order to show how they evolved and are related to each other on the basis of these sources the full itinerary of the sacred circuit is described illustrated with plates and maps as well as being a valuable handbook for anyone visiting braj this detailed study will be of use to all those who are interested in the krishna cult and hindu devotionism

it is an indepth study of the unique multi dimensional relationship that exists between theatre and religion it examines evidence seen in ancient cave paintings folk and tribal rituals inscriptions religious scriptures and theatrical forms themselves

this book addresses the question whether educated indian english is more syllable timed than british english from two standpoints production and perception many post colonial varieties of english which are mostly spoken as a

second language in countries such as india nigeria and the philippines are thought to have a syllable timed rhythm whereas first language varieties such as british english are characterized as being stress timed while previous studies mostly relied on a single acoustic correlate of speech rhythm usually duration the author proposes a multidimensional approach to the production of speech rhythm that takes into account various acoustic correlates the results reveal that the two varieties differ with regard to a number of dimensions such as duration sonority intensity loudness pitch and glottal stop insertion the second part of the study addresses the question whether the difference in speech rhythm between indian and british english is perceptually relevant based on intelligibility and dialect discrimination experiments the results reveal that speakers generally find the rhythm of their own variety more intelligible and that listeners can identify which variety a speaker is using on the basis of differences in speech rhythm

this volume of the history of indian theatre presents most enhancing and colourful panorama of folk and traditional theatre flourishing in india since time immemorial utilising various sources the author meticulously and systematically builds up the theatre history which spans over several centuries it is for the first time an elaborate account of dramatic rituals associated with the bhuta or the cult of spirits is given here this will enable the students of theatre understand and relationship of ritual and dramatic performance in its correct perspective various ritualistic theatre forms such as teyyam are described and discussed the book also tells us how the technique of ballad singing was dramatized and finally evolved into full fledged drama in the course of time the history of narrative forms is traced from the vedic times to the present with the emergence of bhakti cult the spics were dramatized this gave rise to the leela theatre which dedicated itself to portraying the divine acts of incarnations such as krishna and rama various forms of leela theatre are described in the book audiences turn to theatre for entertainment a class of folk theatre arose in india whose main function was secular entertainment swang tamasha nautanki khyal
