we travel the world meeting people with a vision and brands with a purpose here are their stories

nuns without cloister explores one of the first and most innovative among the non cloistered women s congregations established after the council of trent under the aegis of a jesuit missionary the first sisters of st joseph envisioned a direct role for religious women in the secular society of mid seventeenth century france and quietly broke the ecclesiastical and cultural barriers that opposed it this book opens perspectives on the sisters success through a politics of discretion and the introduction of creative variety in their lives in country parishes or in the urban orphanages hospitals and reformatories for fallen women of the ancien régime vacher s methodology comparing the congregation s theoretical prescriptive documents with evidence about the actual life of these communities in southern france leads to the question of whether and to what degree succeeding generations grasped the original inspiration sisters of st joseph preceding the french revolution established a paradigm for the active apostolic women s congregations of the nineteenth and twentieth centuries that supplied the workforce behind catholic schools colleges hospitals and orphanages in the united states canada and elsewhere in researching them nuns without cloister addresses a little understood but central dimension in the early modern foundations of contemporary catholicism

sociogenesis reexamined offers the foundation for an inter disciplinary social scientific approach towards the development of persons in their historical and societal contexts the editors have organized herein the opportunity for exchange and theoretical confrontation on the theme of mechanisms in sociogenesis stemming from a workshop that took place at the rijksuniversiteit utrecht in december 1990 the editors and contributors attempt to begin the refinement and reworking of the concept of sociogenesis two possible branches in the definition of sociogenesis are presented in the introduction as a useful guide in mapping existing approaches the text is then divided into four parts theoretical and historical foundations new conceptual approaches analysis of existing frameworks empirical case studies systematic perspectives for research in the field are offered for developmental and social psychologists anthropologists researchers and graduate students this groundbreaking work will surely initiate much elaboration and innovation in the study of sociogenesis

this book discusses the ways in which early modern hagiographic sources can be used to study lived religion and everyday life from the fifteenth to the seventeenth century for several decades saints lives other spiritual biographies miracle narratives canonisation processes iconography and dramas have been widely utilised in studies on medieval religious practices and social history this fruitful material has however been overlooked in studies of the early modern period despite the fact that it witnessed an unprecedented growth in the volume of hagiographic material the contributors to this volume address this and illuminate how early modern hagiographic material can be used for the study of topics such as religious life the social history of medicine survival strategies domestic violence and the religious experience of slaves

current anthropology uses expressions such as society as a whole socio cosmic relations spatiotemporal extension global ideology and cosmomorphy to establish that the clear cut western dichotomy between society and cosmos is not always to be found in the communities it studies in fact many elements that the west would at first undoubtedly classify as belonging either to the cosmos or to the society appear very often in melanesia as belonging to neither one of these domains but to a realm which combines the attributes of both focusing on different examples drawn from diverse melanesian societies this thought provoking volume by eminent specialists re examines the relationship between society and cosmos and in the process opens new directions for research

peterson explores the sister bond in its full range of relationships

from the satellite sisters stars of the public radio show of the same name comes an explanation of the uncommon senses a sense of self a sense of connection a sense of humor a sense of adventure and a sense of direction along with anecdotes lists recipes quiz questions and more
