applying the lessons of presidential history this anthology of case studies written by leading political scientists historians and subject matter experts delves into the many facets of the presidency and promotes a greater understanding of the presidency for policymakers academics students and general readers alike
abraham lincoln once said

fellow citizens we cannot escape history one hundred and fifty years later this statement remains true the lessons of history are increasingly important at a time of political deadlock and growing skepticism of leadership among the american public an established classic in its field triumphs and tragedies of the modern presidency underscores the importance of looking back to set an intelligent course for the future and promotes a better understanding of the u s presidency this updated and revised second edition offers rare insights on presidential leadership since 2001 and adds considerable new information related to inter term transitions the case studies in this single volume work cover an unparalleled scope of modern presidential history and related topics beginning with the presidency of franklin roosevelt and continuing to the presidency of barack obama examples of the events and subject matter of the case studies include the interstate transport system the building of the social safety net the civil rights movement the space program environmental protection education reform the it revolution energy policy the budget economic policy foreign policy national security defense policy and presidential scandals each case study highlights a historical lesson and is authored by a different political scientist historian or subject matter expert offering readers a multidisciplinary examination of the presidency

us foreign policy during the cold war has been analysed from a number of perspectives generating large bodies of literature attempting to explain its origins its development and its conclusion however there are still many questions left only partially explained in large part this is because these accounts restrict themselves to a single level of analysis either the international system or the structure of the state and society the first level of analysis focusing on the role of individuals has largely been excluded this book argues that structural theories and any approach that limits itself to one level of analysis are inadequate to explain the development of us foreign policy instead it is necessary to incorporate the first level of analysis in order to bring human agency back and provide a more detailed explanation of us foreign policy bilsland proposes an analytical framework which incorporates presidential agency into a multi level analysis of us foreign policy during the cold war constructing a multi level case study comparison of the foreign policies of presidents truman and reagan he argues that the worldview of the president is central to agenda setting in us foreign policy making and that the management style of the president influences both decision making and the implementation of us foreign policy evidence to support this is drawn from detailed empirical analysis of truman s foreign policy of containment in korea and reagan s foreign policy of rollback in nicaragua this work will be of interest to students and scholars of us foreign policy us history and international relations

public papers of the presidents of the united states

brings together leading scholars to examine the question of whether presidentialism or parliamentarism offers the best hope for stable government and democratic continuity this edition offers comparative perspectives
