this second edition presents an updated action based curriculum for high school counselors that will meet the needs of 21st century students helping to foster their growth and engage them in learning what they need to succeed beyond high school this book takes a comprehensive developmental approach focusing on 9th 12th grade students rather than solely on those in 11th and 12th grade it provides a model for developing and enhancing a successful college advising office as well as essential advice on methods of working with parents specific topics discussed include successful transition to 9th grade using technology in the college and career advising process assisting and advising students in college research and application and helping seniors make successful transitions to college there is also a special focus on students in urban and rural schools to enable them to have the same enriched

experiences in their college and career advising program as those students in private and suburban schools the curriculum is geared for use by school counselors college advisors and readers in graduate counseling student courses

preparing students for college and careers addresses measurement and research issues related to college and career readiness educational reform efforts across the united states have increasingly taken aim at measuring and improving postsecondary readiness these initiatives include developing new content standards redesigning assessments and performance levels legislating new developmental education policy for colleges and universities and highlighting gaps between graduates skills and employers needs in this comprehensive book scholarship from leading experts on each of these topics is collected for assessment professionals and for education researchers interested in this new area of focus cross disciplinary chapters cover the current state of research best practices leading interventions and a variety of measurement concepts including construct definitions assessments performance levels score interpretations and test uses the open access version of this book available at taylorfrancis.com has been made available under a creative commons attribution non commercial no derivatives 4.0 license

this book disrupts the false dichotomy of college versus career by showing how young people and the programs created to serve them integrate the worlds of college and career readiness as students work to learn against the odds and strive toward lives that matter to them work based learning at each stage of the k college experience is crucial to the development of young people through analysis of national policies on college readiness and work based learning as well as through illustrative case studies of young people in work based learning programs the authors highlight the programs voices and experiences of young people from middle school through college through interviews participating students share their views aspirations and preparation for both college and career

college for every student shares best practices for raising college and career aspirations and increasing educational opportunities for underserved and diverse students in rural and urban districts providing guidance for educating your students and organizing communities for expanding educational opportunities this is a must read for every school leader and counselor interested in promoting educational uplift this comprehensive guidebook offers a wealth of resources and tools for educators and professionals to help students build essential college and career readiness skills college for every student gives you the research based proven strategies needed for promoting the core student skills essential for college and career readiness aspiration grit perseverance adaptability leadership and teamwork

are you looking for a college success resource that speaks to the all aspects of a student s college experience connections is an innovative new text that offers the ideal balance of motivation academics and life skills it starts with comprehensive coverage of the topics typically covered in the introductory course but has a unique emphasis on goal setting life skills and career planning in every chapter students are encouraged to take a positive success

oriented approach to this course and to life in general by working to strengthen their strengths celebrate progress and use setbacks as opportunities for growth with an emphasis on self knowledge and on building skills for college and career success connections empowers students to become self regulated collaborative learners learners who thrive in school on the job and in the community

the college and career readiness and success organizer is a graphic that displays a consolidated overview of the many elements that impact a learner s ability to succeed in college and careers at both the institutional and individual levels the organizer is intended to be a comprehensive and visual representation of the complexities of the college and career readiness and success universe and is a composite of essential considerations that are equal in importance and interconnected each of the four strands presents a distinctive topic area essential to college and career readiness and success and can be used to facilitate discussions and inform collaboration within and across various stakeholder communities additionally it can contribute to strategic planning conceptualization and decision making as well as alignment of strategies and initiatives to ensure that all learners achieve college and career readiness and success the college and career readiness and success center recommends using the organizer in its entirety to frame conversations and develop college and career readiness and success priorities to ensure alignment and cohesion

the shift in education reform to a goal of college and career readiness for all students is a change that has been embraced widely across the country the challenge of designing new policies and programs that could accomplish the goal that all students should graduate from high school with the skills and knowledge necessary to succeed in college and career is tremendous the pressing question now is whether and how students schools and the new york city public school system can move this ambitious goal from rhetoric to reality to help understand this change the challenge it presents for schools and students in new york city and the ways in which philanthropy might help move new york city s schools closer to the goal philanthropy new york commissioned a set of three papers this paper the first in the series takes a broader look at the context of this reform beginning with a brief overview of the challenge both nationally and in new york city the second section explores the policy context how we moved from addressing the rising tide of mediocrity targeted in a nation at risk the 1983 report by the national commission on excellence in education through efforts to raise achievement levels and reduce dropout rates to this new goal of readiness without remediation the third focuses on the history and context of the high school the deeply embedded structures and expectations that make this change so very difficult the final section looks at current examples of instruments and initiatives underway to measure where we are now and how to move forward this section centers on new york city where over the last decade philanthropies have invested more than two billion dollars in public education developing many of the innovations that have helped raise the graduation rate and have begun to advance college and career readiness for the second paper in this series the experiences of one new york city high school cohort opportunities successes and challenges

see ed562061 for the third paper in this series building blocks for better schools how the next mayor can prepare new york s students for college and careers see ed562069 for the initiative overview summary of research see ed562084

in many circles efforts are under way to develop definitions of college readiness career readiness or both this brief contains a definition that is the culmination of 18 years of study and research on this topic this definition then is based on both empirical evidence gathered via multiple research studies and on the ground interactions with practitioners attempting to improve programs that affect a wide range of students particularly those who would be first in family to attend college postsecondary in this definition refers to any formal setting in which an individual pursues additional instruction beyond high school this might include two or four year degree programs certificate or licensure programs apprenticeships or training programs in the military furthermore this definition differs from indices or cut scores that use a single cut score alone or in combination with another element such as high school grade point average to predict college success this definition is designed to be actionable it describes what students should know and be able to do in general terms that can then be defined and addressed with increasing detail and measured in a variety of ways using appropriately complex measures
