world bank to the individual investor impact investing is attracting more and more attention impact investing is a global megatrend and is reshaping the way people invest as pension funds insurance companies foundations family offices and private investors jump on board this book explains for the first time how it works why it works and what you should know if you are ready to help change the world impact investing has proven over the last 20 years as the first line offense against crushing poverty over two billion people still lack access to basic financial services which are essential for improving their livelihood investors have experienced not only social and environmental impact but have received attractive stable and uncorrelated returns for over 15 years this guide provides the latest insights and methodologies that help you reap the rewards of investing in humanity explore the global impact investing phenomenon learn how microloans work and how they make a difference discover why investors are increasingly leaning into impact investing consider the factors that inform impact investing decisions part social movement and part financial strategy impact investing offers the unique opportunity for investors to power tremendous change with a small amount of money expanding their portfolios as they expand their own global impact microfinance allows investors at any level to step in where banks refuse to tread offering opportunity to those who need it most small money big impact provides the expert guidance you need to optimize the impact on your portfolio and the world

this second volume of papers from the atc21stm project deals with the development of an assessment and teaching system of 21st century skills readers are guided through a detailed description of the methods used in this process the first volume was published by springer in 2012 griffin p mcgaw b care e eds assessment and teaching of 21st century skills dordrecht springer the major elements of this new volume are the identification and description of two 21st century skills that are amenable to teaching and learning collaborative problem solving and learning in digital networks features of the skills that need to be mirrored in their

assessment are identified so that they can be reflected in assessment tasks the tasks are formulated so that reporting of student performance can guide implementation in the classroom for use in teaching and learning how simple tasks can act as platforms for development of 21st century skills is demonstrated with the concurrent technical infrastructure required for its support how countries with different languages and cultures participated and contributed to the development process is described the psychometric qualities of the online tasks developed are reported in the context of the robustness of the automated scoring processes finally technical and educational issues to be resolved in global projects of this nature are outlined

the oecd skills strategy diagnostic report slovenia identifies a number of overarching priority areas for action

full company name address and phone number contacts for professional hiring description of company s products or services listings of professional positions commonly filled educational backgrounds sought fringe benefits internships offered and more each jobbank also includes sections on job search techniques information on executive search firms and placement agencies sites for job hunters professional associations and more

as the target date for the mdg nears in 2015 the international community is faced with both the challenge and the opportunity of formulating the next global development agenda although migration was not factored into the mdgs it plays an integral role in the most crucial development questions facing the world today including how to generate inclusive growth and create employment for a growing world population how to manage new global risks such as vulnerability to shocks and disasters and adaptation to climate change and how to mobilize financing for development in a world of decreasing aid budgets this publication gathers together recent research findings outlining the links between migration and development and

proposing how migration can best be factored into the future development framework offering a timely contribution to the argument for migration's inclusion in the coming development agenda

this document presented by the economic commission for latin america and the caribbean eclac to its member states at its thirty sixth session provides an analytical complement to the 2030 agenda for sustainable development from a structuralist perspective and from the point of view of the latin american and caribbean countries the proposals made here stem from the need to achieve progressive structural change in order to incorporate more knowledge into production ensure social inclusion and combat the negative impacts of climate change the reflections and proposals for advancing towards a new development pattern are geared to achieving equality and environmental sustainability in these proposals the creation of global and regional public goods and the corresponding domestic policies form the core for expanding the structuralist tradition towards a global keynesianism and a development strategy centred around an environmental big push

this study focusing primarily on the period from the collapse of the soviet union until the present day identifies the key drivers of forest degradation and the potential for forest landscape restoration in the caucasus and central asia the study was undertaken to support the preparation of restoration pledges in the eight countries of the caucasus and central asia in the run up to the ministerial roundtable on forest landscape restoration and the bonn challenge in the caucasus and central asia that took place in june 2018 in astana kazakhstan at this roundtable armenia georgia kazakhstan kyrgyzstan tajikistan and uzbekistan committed to restore over 2 5 million ha of forest landscapes by 2030
