raise standards and improve learning for all students through equitable grading grading one of the most important responsibilities of teachers with major implications for students academic and life trajectories is ironically also among the most enigmatic and frequently avoided topics in education although most teachers sense that common grading practices are often ineffective there is limited understanding of how those practices can undermine effective teaching and harm students particularly those historically underserved it is long past due to implement grading practices that are more accurate bias resistant and motivational and which improve student learning empower teachers and transform classrooms as a result in this newly updated edition of the best selling grading for equity joe feldman provides a valuable resource for anyone invested in grading and its impact on students education mental health and future opportunities offering a research based alternative to the status quo this practitioner friendly guide provides extensive revisions that reflect how the pandemic and the black lives matter movement shifted traditional grading systems new data from both academic research and classrooms that demonstrate the benefits of equitable grading

for all students clear approaches to implement equitable grading practices updated information on several equitable grading practices including proficiency scales a new concluding chapter that explores implementing equitable grading system wide with a down to earth style driven by the author s own curiosity as a teacher principal district administrator and university instructor this book will invite and challenge you to think about how more equitable grading when implemented effectively creates a more rigorous humane and positive school experience for all

offering clear strategies rooted in research and expert recommendations the new edition of first aid for teacher burnout empowers teachers to prevent and recover from burnout while finding success at work in a sustainable way each chapter explores a different common cause of teacher burnout and provides takeaway strategies and realistic tips chapter coverage includes fighting low morale diminishing stress streamlining grading reducing workload leveraging collaboration using technology to your advantage managing classroom behavior advocating for support from your administration securing the help of parents and community and more new in this edition the author expands on discussion about teacher activism using digital resources as well as a wealth of tips throughout for those teaching virtually full of reflection exercises confessions from real teachers and veteran teacher tips this accessible book provides easy to implement steps for alleviating burnout problems so you can enjoy peace and success in your teaching

let evidence and integrity guide your grading practice if you want to ask a polarizing question in education ask someone their thoughts on grading few topics have elicited more interest or opinions even though grading practices have remained relatively unchanged for years but opinions are not evidence the time has come to get it right with a fresh approach grounded in research and the principles of integrity grading

with integrity introduces a measured approach to grading reform based on honesty transparency accuracy and equity with recommendations backed by clear and trustworthy evidence addressing the many whys involved this thoughtfully organized book addresses central questions related to grading and reporting student learning covering an historical overview of grading and reporting practices a discussion of standards based and competency based grading recommendations for reporting non academic learning goals separately from academic achievement to accurately reflect students performance suggestions for reporting growth and improvement using specific assessments and other reporting tools an infallible argument for grading with integrity this book is a must read for k 12 classroom teachers and administrators who are looking to implement better and more defensible grading and reporting policies and practices let evidence and integrity be your guide to enhancing students best interests and learning success

research indicates that aural skills are vital in developing musical expertise yet the precise nature of those skills and the emphasis placed upon them in educational contexts merit closer attention and exploration this book assesses the relevance of aural in a university music degree and as a preparation for the professional career of a classical musician by way of the discussion of four empirical studies two main areas are investigated firstly the relationship between university music students aural ability and their overall success on a music degree programme and secondly the views of music students and professional musicians about aural and its relevance to their career are analysed the subject is investigated particularly in the light of the current socio educational background of the past fifty years which has greatly influenced the participation of music and the study and development of musicianship many related issues are touched upon as part of the research for this project and these emerge as relevant topics in the discussion of aural apart from students and musicians views on training and singing aspects

considered include the role of improvisation memorisation and notation examinations absolute pitch and the affinity with language all of which have a part to play in the debate about the importance of aural

the multiple related fields encompassed by this major reference work represent a convergence of issues and topics germane to the rapidly changing segments of knowledge and practice in educational communications and technology at all levels and around the globe there is no other comparable work that is designed not only to gather vital current and evolving information and understandings in these knowledge segments but also to be updated on a continuing basis in order to keep pace with the rapid changes taking place in the relevant fields the handbook is composed of substantive 5 000 to 15 000 words peer reviewed entries that examine and explicate seminal facets of learning theory research and practice it provides a broad range of relevant topics including significant developments as well as innovative uses of technology that promote learning performance and instruction this work is aimed at researchers designers developers instructors and other professional practitioners

master s thesis from the year 2022 in the subject didactics for the subject english pedagogy literature studies grade 1 7 university of münster
anglistik language english abstract this thesis qualitatively explores the impact of teachers beliefs on the assessment of oral examinations in english education by analyzing the assessment processes of four english teachers evaluating the same authentic oral exam the study aims to develop a model illustrating how teachers beliefs influence their assessment decisions with the goal of gaining deeper insights into the role of these beliefs in the assessment process and establishing a model for type building of teachers beliefs during the evaluation of oral exams

non typhoidal salmonella spp are estimated to cause 93 8 million cases of acute gastroenteritis and 155 000 deaths globally each year approximately 85 of which are estimated to be foodborne establishing salmonella as having a significant public health and economic impact on society pork products are among the top food borne sources of salmonella globally while beef products have been implicated in several large outbreaks in recent years contamination of beef and pork with salmonella can also have a negative impact on the agri food and trade sectors due to costly recalls of products and by limiting market access fao and who have undertaken a systematic review of the available evidence on interventions to control salmonella in beef and pork from primary production through processing this information was then considered by an expert meeting which provided recommendations on efficacious interventions this report presents the outcome of those deliberations as well as the review of studies on which the discussions were based providing the reader with a wealth of up to date information on the currently available interventions for the control of salmonella in beef and pork publisher s description
