with the rapid and ubiquitous spread of urban light pollution nocturnal darkness has become a rare and neglected experience in response to the steady decline of gloom researchers working across multiple disciplines have sought to understand the dynamic and innovative role nighttime plays in human cultures across time from studies on the ritualistic function of darkened caves in paleolithic times to contemporary policy concerns over the need for nighttime mayors and tourist economies night research has emerged as a prolific line of inquiry capturing the night s distinct qualities however while night studies brings much needed attention to human experiences with darkness little work exists

outside the context of cities the result is that explorations of rural darkness such as the media genres and styles that culturally shape the meaning of the rural night have been meager this book provides a critical and comprehensive account of the mediation of rural darkness analyzing a wide range of contemporary media from astrophotography tourist advertisements and social media to editing software online databases and nature documentaries the book focuses on two competing and irreconcilable cultures of rural darkness on the one hand many media genres contribute to a preservation ideology based on the western myth of wilderness relying on the classic urban rural binary this culture of rural darkness imagines the night as a primal and ancient inheritance a distant and remote frontier free from the ills of human technology on the other hand other media genres challenge this preservationist depiction of rural darkness demonstrating that the rural night does not retreat from modern urban life but is an extension of the urban technological promoting a hybrid intermeshed view of the night this culture of rural darkness dismantles the frontier myth by understanding pristine darkness as a cultural technology that seeks to erase the messy connections between the rural and the urban the book contends that only the latter culture of rural darkness offers a responsible and accurate understanding of the rural night not only does the preservationist view of pristine darkness privilege natural darkness over other sustainable forms of gloom but its endorsement of the frontier myth represents a flight from history a rhetorical strategy that may actually prevent the night's protection

since adhd became a well known condition decades ago much of the research and clinical discourse has focused on youth in recent years attention has expanded to the realm of adult adhd and the havoc it can wreak on many aspects of adult life including driving safety financial management education and employment and interpersonal difficulties adult adhd focused couple therapy breaks new ground in explaining and suggesting approaches for treating the range of challenges that adhd can create within a most important and delicate relationship the intimate couple with the help of contributors who are experts in their specialties pera and robin provide the clinician with a step by step nuts and bolts approach to help couples enhance their relationship and improve domestic cooperation this comprehensive guide includes psychoeducation medication guidelines cognitive interventions co parenting techniques habit change and communication strategies and adhd specific clinical suggestions around sexuality money and cyber addictions more than twenty detailed case studies provide real life examples of ways to implement the

interventions

mangroves thrive in intertidal zones where they gather organisms and objects from land river and ocean they develop into complex ecologies in these dynamic in between spaces mobilising resources drawn from semiotic materialism and the environmental humanities this book seeks a form of social theory from the mangroves that is to think interstitiality from the perspective of mangroves themselves exploring the crafty and tenacious world making they are engaged in three sections weave together theory science and close observation responding to calls within the environmental humanities for detailed attention to interactions in marginal spaces and those of interpretative tension it examines interstitiality by considering theories of difference relationality and reflexivity in the context of mangrove socioecological materialities drawing on influential writers such as michel serres jacques derrida deborah bird rose donna haraway brian massumi and maurice merleau ponty as theoretical touchstones exploring interstitiality with mangroves is a lyrically crafted philosophical analysis that will appeal to scholars researchers and students interested in the developing frontiers of more than human post anthropocentric writing theory and methodologies it will be of interest to readers in ecocriticism environmental humanities cultural geography place studies and nature writing the open access version of the introduction available at [taylorfrancis.com/books/e/9781003286493](http://taylorfrancis.com/books/e/9781003286493) has been made available under a creative commons attribution non commercial no derivatives 4.0 license the funder for this chapter is the australian academy of the humanities via the australian academy of the humanities publication subsidy scheme
