illness and injuries on expeditions this unique book covers everything that the expedition physician needs to know book jacket

it has been said that every generation of historians seeks to rewrite what a previous generation had established as the standard interpretations of the motives and circumstances shaping the fabric of historical events it is not that the facts of history have changed no one will dispute that the battle of waterloo occurred on june 11 1815 or that the allied invasion of europe began on june 6 1944 what each new age of historians are attempting to do is to reinterpret the motives of men and the force of circumstance impacting the direction of past events based on the factual social intellectual and cultural milieu of their own generation by examining the facts of history from a new perspective today's historians hope to reveal some new truth that will not only illuminate the course of history but also validate contemporary values and societal ideals although it is true that tackling the task of developing a new text on logistics and distribution channel management focuses less on schools of philosophical and social analysis and more on the calculus of managing sales campaigns inventory replenishment and income statements the goal of the management scientist like the historian is to merge the facts and figures of the discipline with today's organizational cultural and economic realities hopefully the result will be a new synthesis where a whole new perspective will break forth exposing new directions and opportunities

the need to produce results with human resource programmes has grown rapidly in recent years the current mantra in successful companies all over the world is human resource management for competitive advantage even as the study of human resource development has gained global significance its exposition in a comprehensive lucid text has remained elusive forcing the management student to consult a host of foreign texts mainly of american origin this book was the first truly balanced and systematically planned book by an indian author significant issues and concepts have been analysed with emphasis on both the decision making and management aspects an interesting and illustrative presentation of descriptive and qualitative materials it gives the readers a feel of the contemporary business world this third revised edition incorporates two new chapters one on change management and the other on organisation culture this book is invaluable for the mba student in both management institutions as well as a reference work for those specialising in human resource management those in staff training institutions banks co operatives and tutorial establishments will find this book to be a reservoir of information and a handy practical guide

learn how to operate an efficient and cost effective warehouse and examine the latest developments in warehouse technology automation and robotics operations people management location and design

managers and the law 3rd edition continues to be a practical guide for the manager in

business as well as a user friendly text for law units within mba and other management courses throughout australia presenting the law from a manager s perspective it is designed to give managers access to sufficient legal information to enable them to better use law to assist the various functions of their business see how the law can be used as a tool to prevent problems before they arise and determine when specialist legal advice is required and how best to work with a lawyer to resolve issues managers and the law focuses on the management of risk in the workplace and has been structured to illustrate principles in a practical context pedagogical features such as cases in point diagrams and illustrative case studies assist students and managers alike to readily comprehend the issues likely to be faced in business and ensure this edition will continue to be a valuable reference tool
