this is the committee s scrutiny of the draft apprenticeships bill which was published on 16 july 2008 while putting much of the current arrangements

for apprenticeships onto a statutory basis the draft bill provides greater flexibility to allow employers to design and bring forward for approval their own apprenticeship frameworks the extent of this flexibility was not clear as a key document the specification of apprenticeship standards which will determine the core components of frameworks was not published with the draft bill nor did the government set out in detail how the national apprenticeship service would be resourced or organised or how the legislation would apply in wales these as key omissions impeded the scrutiny process with this in mind it was concluded that in general the legislation is justified because it has the potential to strengthen the structure for apprenticeships in england however there was a major concern of volume at the expense of quality the government must ensure that the draft bill is re written to promote monitor and report on the quality of apprenticeships without provisions underpinning quality the legislation risks the devaluation of apprenticeships and employers parents and young people as well as adults will cease to see apprenticeships as a progressive route through to a future career

apprenticeship a key route to skill 5th report of session 2006 07 vol 2 evidence

how do we help college students become independent learners in their disciplines in this collection the editors and contributors argue that we do so by supporting students in learning from texts which entails recognizing reading as a problem solving process supporting students to take responsibility for the intellectual work in their classes and creating strong classroom communities that help students develop identities as scholars

industry government and academic efforts to create a generalized systems engineering process have repeatedly fallen short the outcome systems engineering failures that produce losses like the september 1999 destruction of the mars climate orbiter a simple information transfer error between teams motivated far reaching managerial and technical

this text examines the involvement of large employers in apprenticeships in terms of employers contribution to the advanced apprenticeship programme and the contribution of apprenticeship type training to employers supplies of intermediate skills

conference paper prepared for an ilo meeting on apprenticeship in latin america covers the relationship thereof with general education and technical education systems legal aspects and administrative aspects financing the establishment of job descriptions the curriculum duration of training prevocational training teaching methods the role of training centres etc conference held in geneva 1967 november 20 to december 1
