larry has come to understand that there are two basic ways that the bible can be taught the first is the most prevalent it consists of telling

the christian the things that he or she should be doing and the things that he or she should not be doing sometimes accompanied with relatively meaningless ways of doing or not doing these things the second way to teach the bible is to teach it by revealing what god says in the bible which we call expository preaching or teaching i am very much in favor of expository teaching if a christian is taught the bible not taught about the bible but actually taught to understand god and god s desire to live in and through us in a fulfilling meaningful way the christian will be able to determine for him or herself what to do or what not to do as it becomes a part of the person s life rather than just something added to the person s life if living the vibrant christian life through knowing god and his word becomes the desire and goal of the christian life learned from the holy spirit through god s word that inner force becomes an external force far more useful to god than being told what to do or what not to do that desire to teach christians in a way to build that inner force of god through knowing him has been mine for many years this book contains bible studies to help develop that inner force that is only by grace
