social theory has undergone dramatic changes over the past fifteen years the aim of this book is to provide a comprehensive survey of those changes and an authoritative statement on current trends of development in social thought the contents of the book range in a systematic way across the major traditions of social theory prominent today among the topics covered are the relationships between modern social theory and the classics of the late eighteenth and nineteenth centuries the connections between social theory and mathematical social science and the logical status of generalizations in the social sciences traditions of thought discussed include behaviourism symbolic interactionism parsonian theory analytical theory structuralism and post structuralism ethnomethodology structuration theory world systems theory marxism and critical theory

this concise text covers both classical and contemporary social thought it traces the major schools of thought over the past 150 years as they appear and reappear in different chapters and looks at important new voices in social theory the treatment of individual theories and theorists is balanced with the development of key themes and ideas about social life

rather than a work of theory itself explorations in classical sociological theory seeing the social world is an insightful work that invites students to think creatively reflexively

and critically about their social worlds written in a conversational tone that lifts the veil of theoretical jargon explorations in classical sociological theory introduces students to the major classical theorists including marx spencer durkheim weber simmel mead schutz gilman and du bois this text focuses on the individual perspective of each theorist rather than schools of thought and uses the provocative ideas of modernity and postmodernity to help students understand how the theoretical historical perspectives apply to their own time period

written by award winning scholar jonathan turner theoretical sociology 1830 to the present is a monumental book that offers in depth and comprehensive coverage of both the classical and modern traditions in sociological theory the text is divided into three key parts part 1 provides detailed analyses of the theories of the classical tradition including the works of august comte herbert spencer karl marx max weber georg simmel emile durkheim and george herbert mead part 2 examines all of the principle theoretical traditions in sociology during the modern era including the functional general systems ecological evolutionary conflict exchange symbolic interactionist role and status dramaturgical phenomenological structuralist cultural postmodern european critical and american style critical theories part 3 reviews the state of sociological theory today including scientific elements of theory and how to overcome roadblocks that have prevented sociological theories from realizing their full explanatory power

now with sage publishing and co authored by one of the foremost authorities on sociological theory the eighth edition of modern sociological theory by george ritzer and jeffrey stepnisky provides a comprehensive overview of the major theorists and theoretical schools from the structural functionalism of early 20th century through the cutting edge theories of the late 20th and early 21st centuries the integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of contemporary thinkers new to this edition a new chapter focuses theories of race racism and colonialism as well as theories about indigenous peoples and theories from the global south that challenge the work of scholars from europe and north america new material on colonialization classical women theorists and race as well as new timelines in history chapters the chapter on symbolic interactionism now discusses work on the sociology of emotions the concluding chapter now discusses affect theory and theories of presumption one of the newest developments in consumer theory the chapter on contemporary theories of modernity includes new section on the work of charles taylor new perspectives on the work of immanuel wallerstein have been added to the chapter on neo marxian theories the opening historical sketch chapters now include a discussion of colonialism as one of the forces that shaped modern society new material on the historical significance of early women founders and a section on theories of race

a concise yet surprisingly comprehensive theory text given the range of ideas historical context and theorists discussed unlike other books of the type classical sociological theory focuses on how the pivotal theories contributed not only to the development of the field but also to the evolution of ideas concerning social life

written by award winning scholar jonathan turner contemporary sociological theory covers the range of diversity of theory in nine theoretical traditions and variants of theoretical approaches in these traditions the result is a comprehensive review of present day theorizing in sociology covering functional evolutionary ecological conflict

interactionist exchange structuralist cultural and critical theories and the major proponents of these theories moreover for each theoretical tradition its origins are examined in a separate chapter with an eye to how classical theorists influenced the work of key contemporary scholars this book will serve as a valuable resource for those readers seeking in depth and comprehensive coverage of contemporary traditions in their historical contexts unlike many texts coverage is comprehensive and deep the theories and their origins are examined in detail so that readers can fully understand the origins and present profile of theories in present day sociology unlike many texts that skim over theories on the surface this book seeks to unlock for the reader their underlying structure of each theory the book is written in a modular format so that theories and traditions can be examined in any order and in many diverse combinations if desired only the contemporary theories can be read without attention to their historical contexts or the reverse is true if readers want to understand the historical origins of a particular theoretical tradition since jonathan turner is an active theorist in his own right he brings to the book an appreciation of how theories are created as an insider rather than as only a commentator on theory as such he is able to bring out the underlying assumptions structure and form of a theory in new and interesting ways for casual readers and scholars alike

with one of the foremost authorities on sociological theory as lead author this best selling text gives readers a comprehensive overview of the major classical theorists and contemporary schools of sociological thought spanning the history of sociological theory from its inception to the latest theoretical developments it integrates key theories with biographical sketches of theorists placing readings in context and helping students understand the original works of classical authors as well as compare and contrast the newest substantive theories the thoroughly updated sixth edition reflects current debates in sociology and includes new sections on actor network theory neo marxian theories of space and more

in the third edition of ken allan s highly praised contemporary social and sociological theory book sociological theories and theorists are explored using a straightforward approach and conversational jargon free language filled with examples drawn from everyday life this edition highlights diversity in contemporary society exploring theories of race gender and sexuality that address some of today s most important social concerns through this textbook students will learn to think theoretically and apply to their own lives

annotation in this fundamental contribution to the study and application of sociological theory wallace examines a wide range of theories within a framework that clarifies their interrelationships and illustrates their implications for empirical research wallace is able to point out the symbiotic relationships among these theories which at first may appear to be in direct opposition or at least discord sociological theory begins with an original essay by the editor that introduces the reader to eleven general theoretical viewpoints he calls these ecologism demographism materialism psychologism technologism functional structuralism exchange structuralism conflict structuralism symbolic interactionism social actionism and functional imperativism to do this wallace assembles selected readings by major theorists that provide detailed examples of each of the theoretical viewpoints discussed the selections are keyed to the framework developed in the introduction so as to enable the reader to work back and forth between the general and the particular statements offering far more than a mere survey or an abstract critical analysis in this way sociological theory provides a learning matrix that facilitates comprehension and enables the reader systematically

to expand his knowledge of sociological theory in developing his analytical framework wallace points out how these different types of theory complement rather than conflict with one another through this approach he is able to show the distinctive level and scope of analysis of each theory to demonstrate why the sociologist must draw upon and integrate several viewpoints for interpreting research results and formulating hypotheses a useful guide and reference work for researchers and teachers the book is an excellent basic or supplementary text for all theory courses as robert k merton noted at the time of the original publication sociological theory is a beautiful piece of work

this comprehensive collection of classical sociological theory is a definitive guide to the roots of sociology from its undisciplined beginnings to its current influence on contemporary sociological debate explores influential works of marx durkheim weber mead simmel freud du bois adorno marcuse parsons and merton editorial introductions lend historical and intellectual perspective to the substantial readings includes a new section with new readings on the immediate pre history of sociological theory including the enlightenment and de toqueville individual reading selections are updated throughout

the revised third edition of the text that combines classical and contemporary theories of sociological theory thoroughly revised and updated the third edition of an introduction to sociological theory offers an in depth introduction to classical and contemporary theories and demonstrates their relevance to offer a clear understanding of a broad range of contemporary issues and topics as with the previous editions the text continues to combine carefully selected primary quotations from a broad range of theorists with extensive discussion and illustrative examples from a diverse range of countries helpful timelines of important and thematically relevant events biographical notes contemporary topic boxes analytical photos and chapter glossaries the text addresses topics such as the persistence of economic and social inequality brexit post truth society same sex marriage digital surveillance and the on demand gig economy written in an engaging style introduction to sociological theory offers a comprehensive introduction to the pluralistic breadth and wide ranging applicability of sociological theory this updated edition of the authoritative text contains both classical and contemporary theories in a single text builds on excerpts from original theoretical writings with detailed discussion of the concepts and ideas under review includes new examples of current empirical topics such as brexit donald trump s presidency china s growing economic power global warming intersectionality social media and much more offers additional resources including a website that contains multiple choice and essay questions a thoroughly refreshed set of powerpoint slides for each chapter with multimedia links to content illustrative of sociological processes a list of complementary primary readings a quotation bank and other background materials written for undergraduate courses in contemporary and classical sociological theory the third edition of an introduction to sociological theory continues to provide a comprehensive in depth and empirically engaging introduction to sociological theory

this scholarly text covers the first one hundred years of sociological theorizing from 1830 to 1930 focusing primarily on comte spencer marx weber simmel durkheim and mead the authors provide an in depth examination of these early sociological theorists with biographical background analysis of key works major influences and critical insights they answer the question what do these ideas tell us about the basic forces that shape the social world posing this question for each theorist adds a unique

perspective to the text and distinguishes it from other sociological theory books in addition it also includes material on the enduring models and principles of the theorists work that continue to inform sociological theory today

the authors are proud sponsors of the 2020 sage keith roberts teaching innovations award enabling graduate students and early career faculty to attend the annual asa pre conference teaching and learning workshop now with sage publishing contemporary sociological theory and its classical roots the basics is a brief survey of sociology s major theorists and theoretical approaches from the classical founders to the present with updated scholarship in the new fifth edition authors george ritzer and jeffrey stepnisky connect many theorists and schools of thought together under broad headings that offer students a synthesized view of sociological theory this text is perfect for those who want an accessible overview of the entire tradition of sociological thinking with an emphasis on the contemporary relevance of theory

introducing you to the most important thinkers and schools of thought in contemporary sociological theory from parsons and merton to the frankfurt school to foucault bourdieu giddens and hochschild this accessible textbook firmly locates key ideas in social political and historical context by doing so it helps you to understand the development of central sociological concepts and how they can help us understand the contemporary world the book includes lively biographical sections so you can get to know each thinker clear and easy to understand accounts of each theorist s arguments and the most common criticisms key concept boxes highlighting the most influential ideas this comprehensive textbook brings the diverse field of contemporary sociological theory to life essential reading for all students of sociology and sociological theory

sociology is experiencing what can only be described as hyperdifferentiation of theories there are now many approaches competing for attention in the intellectual arena from this perspective we should see a weeding out of theories to a small number but this is not likely to occur because each of the many theoretical perspectives has a resource base of adherents as a result theories in sociology do not compete head on with each other as much as they coexist this seminal reference work was brought together with an eye to capturing the diversity of theoretical activity in sociology specifically the forefront of theory contributors describe what they themselves are doing right now rather than what others have done in the past the goal of this volume is to allow prominent theorists working in a variety of traditions who wouldn t usually come together to review their work the chapters in this volume represent a mix of theoretical orientations and strategies but these theories are diverse and represent the prominent theoretical discussions in sociology today some areas included are section i theoretical methodologies and strategies section ii the cultural turn in sociological theorizing section iii theorizing interaction processes section iv theorizing from the systemic and macrolevel section v new directions in evolutionary theorizing section vi theorizing on power conflict and change sectionvii theorizing from assumptions of rationality this handbook will be of interest to those wanting a broad spectrum and overview of late 20th early 21st century sociological theory

sociological theory is an attempt to trace the development of sociological theory from the classical to the modern period a comprehensive and balanced introduction it studies all the important thinkers chronologically so that the students can locate the continuity as well as the discontinuity of thoughts and themes a concise formative

background of every thinker is outlined in the text to entice the reader to take a deeper plunge into the theories the introductory chapter tries to sketch the broad outlines of the classical sociological theories whereas the concluding chapter examines the thematic shifts and the inter linkage between all the theories from the classical to contemporary period all chapters are pedagogically rich with glossary keywords and discussion points the language is lucid and comprehensible and the treatment of the text is such that it develops an appreciation for the subject

the seventh edition of modern sociological theory by george ritzer one of the foremost authorities on sociological theory gives readers a comprehensive overview of the major contemporary schools of sociological thought key theories are integrated with biographical sketches of theorists and theories are placed in their historical and intellectual context this helps students to better understand the original works and helps them appreciate the diversity of contemporary theory
