community nutrition planning health promotion and disease prevention third edition provides students with the knowledge skills tools and evidence based approaches they need to assess implement and evaluate community based nutrition interventions that promote health and prevent diseases

obasanjo s first term in office as a civilian president 1999 2003 was a major litmus test for the future of nigeria s fledgling democracy set in a critical conjuncture characterized by high popular expectations and international goodwill on the one hand and weak institutions and deep seated social cleavages exacerbated by years of military rule on the other the new civilian governments at the federal and state levels were expected to quickly deliver the dividends of democracy to prevent an authoritarian throwback the expectations included a quick improvement in social service delivery ending egregious human rights violations of the military era improving infrastructure strengthening institutions of governance and creating jobs but how did the obasanjo regime fare in meeting the citizens expectations in its first term in office what were the challenges faced by practitioners in all the branches and levels of government in achieving their electoral promises and public expectations and how did they respond to those challenges in this book some of nigeria s leading academics dialogue with politicians who hold or have held key political positions including governor ibrahim idris of kogi state former state governors orji kalu sam egwu and chris ngige as well as other key political practitioners to find answers to some of the above questions the contributors address numerous thorny issues in nigerian politics and governance including federalism and presidentialism elections and the electoral process the judiciary and courts parties and the party system the economy as well as foreign policy specifically they address the issues of executive legislative relations executive judiciary relations party government relations federal and state relations and the relations between president obasanjo and state governors that he regarded as recalcitrant the book is unique in that it departs from the conventional academic balance sheet approach of matching popular expectations against government s service delivery to actually incorporate the views and experiences of the practitioners in the field this is done not for self justificatory purposes but to genuinely articulate and perspectivise the challenges the practitioners faced

and their own efforts at coping with such challenges elo amucheazi is a distinguished retired professor of political science at the university of nigeria nsukka and former director general of national orientation in nigeria he is currently adjunct professor of political science at the nnamdi azikiwe university awka and pro chancellor and chairman of council of the anambra state university he has published widely on nigerian politics including the classic study of pressure group politics in nigeria entitled church and politics in eastern nigeria 1986 okechukwu ibeanu is professor of political science and dean of the faculty of social sciences at the university of nigeria nsukka he is also the special rapporteur of the united nations human rights council on the adverse effects of toxic wastes on the enjoyment of human rights he has published extensively on conflict and security issues in the niger delta including civil society and conflict management in the niger delta 2005 and oiling violence 2006 which is on the proliferation of small arms and light weapons in the niger delta his latest book is election and the future of democracy in nigeria 2007

thesis m a from the year 2015 in the subject politics general and theories of international politics national open university of nigeria national open university of nigeria course peace and conflict studies language english abstract this study appraised the role of women in the resolution of conflict in nkanu east local government area of enugu state of nigeria the rational for this study is to verify whether the women of the study area participates in conflict resolution the strategies and the cultural barriers if any that militates against their participation in conflict resolution and peace process in the area as well to identifying whether they are fully integrated in the decision making processes and institutions in the area data used in this work are from primary sources survey method of quantitative research was used during the study questionnaire oral interview was used to collect data from the population of study while probability sampling method was also used to represent the population of study the work finds that the women of the study area participating in conflict resolution through the institutions of umuada extended family wives association christian mothers union and community women association and that they make use of strategies such as mediation arbitration good office conciliation and traditional methods like oath taking marriage covenant and ritual among others also there are some cultural barriers militating against them in this regards the work also finds that women of the area are marginalized in both elective and appointive positions and thus underrepresented in the decision making organs and institutions for peace in the local government and beyond including the communities in the area etc the work thereafter recommends among others that all the cultural barriers that forbid women s inclusion or membership of decision making institutions for peace in the area and beyond should be removed women s marginalization as well as lack of gender mainstreaming in the area should be addressed in the spirit of the united nation security council resolution 1325 of 2000

this text uses real world examples to reinforce core nutrition concepts and explores the current and emerging nutrition issues faced by today's diverse communities it presents the skills cultural concepts and background knowledge to promote health and prevent disease
