the author investigates how president george w bush s framing of the september 11 attacks helped to sell war to the american public

this book is the first comprehensive work on russian fractals in indigenous artifacts while existing works focus on universal phenomena such as liquid crystal or finance none explore the intersection between fractals and russia russian fractals in indigenous artifacts therefore investigates how indigenous russian cultures have a wonderful fractal heritage that was originally tied to socially just and ecologically sustainable social practices including those of indigenous northern groups such as the yakut fractal designs originally allowed unalienated value both human and nonhuman to be visible thereby enabling just and sustainable living this book also examines how the tsarist elite encouraged the creation of unique creative masterpieces developing and strengthening traditional crafts and art of indigenous people hence fabergé or imperial architecture today the challenge for contemporary russia is to reestablish the relationship between the social and ecological sustainability of indigenous cultures and practices for which we can now provide modeling and analysis lay attempts at this have only limited success as they have based the attempts on a purely religious basis which recognizes the ecological aspects but often succumbs to authoritarian nationalism however the freely accession of indigenous peoples to russia for the sake of national liberation has had a positive effect on enriching them with spirituality and creativity by fractal artifacts through friendly exchanges with one another in russian fractals in indigenous artifacts bangura and zhigun express why there is a need for a forward thinking fractal renaissance in russia bringing together contemporary computational and scientific analyses with these ecologically and socially sustainable traditions

when china attacks is a fire bell in the night a warning about a war that we are already losing it offers a frightening and well founded blow by blow account of what might happen next china poses an existential threat to america warns a veteran intelligence officer and the window for an effective response is closing fast col grant newsham a former reserve head of intelligence for marine forces pacific delivers a blow by blow account of how the threat has developed from the growing skill and belligerence of the chinese military to gray zone campaigns to hollow out america s will to resist these efforts that have now reached fruition you can see the war damage in baltimore erie buffalo and countless other communities across the united states with decades of experience in asia including as a u s marine a diplomat and an executive with morgan stanley and motorola in japan col newsham brings together the military political economic and social to provide insights into how far along we already are and what needs to be done now the question is not whether the chinese will attack they already have it is trying to kill our economy our institutions our way of life our people it is dominant in the world economy it is a master of intellectual property theft it shows strategic genius at cornering essential markets it has been staggeringly successful in buying influence among american elites it is killing us with fentanyl and its military buildup is astonishing so far china has been waging a mostly covert war on the united states and its allies but emboldened by american weakness and perceived decline the war could soon explode into the open the flashpoint will be taiwan but the war will extend over the entire pacific theater and beyond the results as col newsham paints in stark detail will be devastating america risks a humiliating retreat with almost unimaginable costs to our economy and security will america fight back before the cold war that communist china is waging against america and its allies goes hot the conflict is coming we re not ready china is already attacking america is american defeat inevitable no but we must change course immediately and to do that we must wake up and heed the sobering message of when china attacks
