since achieving independence from Spain and establishing its first constitution in 1824 Mexico has experienced numerous political upheavals. The country's long and turbulent journey toward democratic representative government has been marked by a tension between centralized autocratic governments historically depicted as a legacy of colonial institutions and federalist structures. The years since Mexico's independence have seen a major violent social revolution, years of authoritarian rule, and finally in the past two decades the introduction of a fair and democratic electoral process. Over the course of the thirty-one essays in the Oxford Handbook of Mexican Politics, some of the world's leading scholars of Mexico will provide a comprehensive view of the remarkable transformation of the nation's political system to a democratic model. In turn, they will assess the most influential institutions, actors, policies, and issues in its current evolution toward democratic consolidation. Following an introduction by Roderic Ai Camp, sections will explore the current state of Mexico's political development, transformative political institutions, the changing roles of the military, big business, organized labor, and the national political elite, new political actors including the news media, indigenous movements, women, and drug traffickers, electoral politics, demographics, and political attitudes and policy issues.

This comprehensive and engaging text explores contemporary Mexico's political, economic, and social development and examines the most important policy issues facing the country today. Readers will find this widely praised book continues to be the most current and accessible work available on Mexico's politics and policy.

Initiated in the mid-1970s, Mexico's program of political reform was designed to provide a new opportunity for political competition. In this book, contributors examine the significance political mobilization has had and the extent to which the reform has served as a vehicle for defusing discontent in the wake of Mexico's failed oil-based development.

Since the mid-1980s, a dramatic opening in Mexico's political and electoral processes combined with the growth of a new civic culture has created unprecedented opportunities for women and other previously repressed or ignored groups to participate in the political life of the nation. In this book, Victoria Rodríguez offers the first comprehensive analysis of how Mexican women have taken advantage of new opportunities to participate in the political process through elected and appointed office, nongovernmental organizations, and grassroots activism. Drawing on scores of interviews with politically active women conducted since 1994, Rodríguez looks at Mexican women's political participation from a variety of angles. She analyzes the factors that have increased women's political activity from the women's movement to the economic crises of the 1980s and 1990s, to increasing democratization, to the victory of Vicente Fox in the 2000 presidential election. She maps out

the pathways that women have used to gain access to public life and also the roadblocks that continue to limit women's participation in politics especially at higher levels of government and she offers hopeful yet realistic predictions for women's future participation in the political life of Mexico

this thoroughly revised and updated edition of Needler's well-known text brings his comprehensive examination and analysis of Mexican politics up through the 1994 Mexican elections copyright Libri GmbH all rights reserved

Eventually, **Contemporary Mexican Politics** will no question discover a additional experience and talent by spending more cash. nevertheless when? get you recognize that you require to acquire those every needs behind having significantly cash?
