this book auto ethnographically explores the experiences of students and teachers both locally and globally while addressing the critical intersection of race class and gender in education it explores diversity perspectives on schools and society in japan the united states bahamas and jamaica in regards to living and attending schools in a foreign country being an international minority student in the u s and being a minority teacher in u s public schools in doing so the book addresses minority experiences as it seeks to promote agency and advocacy for the underserved both locally and globally and making the world more humane and inclusive through education it acknowledges that we live in a global society and as such we must become global citizens and ambassadors of the world in which we live greg wiggan is an associate professor of urban education adjunct associate professor of sociology and affiliate faculty member of africana studies at the university of north carolina at charlotte his research addresses urban education and urban sociology in the context of school processes that promote high achievement among african american students and other underserved minority student populations in doing so his research also examines the broader connections between the history of urbanization globalization processes and the internationalization of education in urban schools his books include global issues in education pedagogy policy practice and the minority experience education in a strange land globalization urbanization and urban schools the social and educational implications of the geopolitical economy curriculum violence america s new civil rights issue education for the new frontier race education and triumph in jim crow america 1867 1945 following the northern star caribbean identities and education in north american schools unshackled education for freedom student achievement and personal emancipation in search of a canon european history and the imperialist state and last of the black titans the role of historically black colleges and universities in the 21st century

a pulitzer prize winning journalist takes readers on a surprising tour of the world of garbage take a journey inside the secret world of our biggest export our most prodigious product and our greatest legacy our trash it s the biggest thing we make the average american is on track to produce a whopping 102 tons of garbage across a lifetime 50 billion in squandered riches rolled to the curb each year more than that produced by any other people in the world but that trash doesn t just magically disappear our bins are merely the starting point for a strange impressive mysterious and costly journey that may also represent the greatest untapped opportunity of the century in garbology pulitzer prize winning author edward humes investigates the trail of that 102 tons of trash what s in it how much we pay for it how we manage to create so much of it and how some families communities and even nations are finding a way back from waste to discover a new kind of prosperity along the way he introduces a collection of garbage denizens unlike anyone you ve ever met the trash tracking detectives of mit the bulldozer driving sanitation workers building los angeles immense garbage mountain landfill the artists in residence at san francisco s dump and the family whose annual trash output fills not a dumpster or a trash can but a single mason jar garbology digs through our epic piles of trash to reveal not just what we throw away but who we are and where our society is headed are we destined to remain the country whose number one export is scrap america as china s trash compactor or will the country that invented the disposable economy pioneer a new and less wasteful path the real secret at the heart of garbology may well be the potential for a happy ending buried in our landfill waste humes writes is the one environmental and economic harm that ordinary working americans have the power to change and prosper in the process

cybersecurity governance in latin america discusses how the massification of the internet has exposed emerging democracies high tech vulnerabilities to cyber attacks and

questions why states have decided to introduce policies and legislation facilitating the militarization of cyberspace carlos solar offers a comparative analysis using the cases of argentina brazil chile colombia mexico and venezuela to help navigate the changing security landscape and the growing risks found in the digital domain his analysis includes a review of civilian and military preparedness emphasizing the ongoing alliances with the world s superpowers to finally debate what are the side effects for peace and development in the americas from the current cybersecurity rivalry between the united states and china providing a much needed account of state technology affairs in the global south cybersecurity governance in latin america challenges scholars and policymakers to rethink the protection of cyberspace to avoid unnecessarily sacrificing rights and freedoms in the name of national security

fighting cane and canon abhimanyu unnuth and the case of world literature in mauritius joins the growing field of modern indian ocean studies the book interrogates the development and persistence of hindi poetry in mauritius with a focus on the early poetry of abhimanyu unnuth his second work the teeth of the cactus brings together questions about the value of history of relationships forged by labour and of spirituality in a trenchant examination of a postcolonial people choosing to pursue prosperity in an age of globalization it captures a distinct point of view unnuth s connection to the hindi language is an unusual reaction to the creolization of the island but also a common experience both of indian immigrants and of the reevaluation of their experience by mauritians reaching adulthood as unnuth did with the independence of the mauritian nation in 1968 the book argues that for literary scholars reading abhimanyu unnuth s poetry raises important questions about the methodological assumptions made when approaching so called marginal postcolonial works assumptions about translation language and canonicity through the emerging methodologies of world literature
