text in french

this is a rich and path breaking comparative study of reading tastes in the final years of old regime europe based on extensive research in the account books of the swiss publishers the société typographique de neuchâtel stn and related archives it charts the dissemination of literature and reading tastes across europe in the years leading up to the french revolution in the process it recasts our understanding of late 18th century print culture and the contours of the enlightenment the fruit of a widely acclaimed five year database project the stn database it is also a story of pioneering efforts to apply the latest digital technology and gis mapping techniques to traditional historical and bibliographic problems although written to serve as a standalone study this book is ideally complemented by its companion volume mark curran s the french book trade in enlightenment europe i selling enlightenment which offers a radical reinterpretation of the structure and practices of the european book trade the stn database is now recognised as a cutting edge digital project of global significance robert darnton has called it a prodigious accomplishment and a joy to use while jeremy popkin adds no one working in the field of french enlightenment studies can afford to ignore the rich mine of data that simon burrows and his collaborators have made accessible in an eminently usable form and the new possibilities it opens up for scholars the french book trade in enlightenment europe i and ii offer a roadmap of that data and what it can show us

this volume is a ground breaking contribution to enlightenment studies and the international and cross cultural history of print the result of a five year research project the volume traces the output and dissemination of books and how reading tastes changed in the years 1769 1794 mapping the book trade of the société typographique de neuchâtel stn a swiss

publisher wholesaler which operated throughout europe the authors reconstruct the cosmopolitan elite culture of the later enlightenment incorporating many engaging case studies the stn s archives are uniquely rich in both detail and range and while these archives have long attracted book historians notably robert darnton a leading scholar of the enlightenment existing work is fragmentary and limited in scope by means of comparative study the author considers the entire book market across europe making local regional and chronological nuances based on advanced taxonomies of subject content author information markers of illegality and much more this volume is in short the most diverse and detailed study of the late 18th century book trade yet while offering fresh insights into the enlightenment
