the reform of the common agricultural policy cap which is now being implemented reduces the support for a selected number of agricultural products this book uses welfare theory and applied general equilibrium analysis to assess the medium to long term consequences of this reform if the new policies remain in place until the beginning of the next century it analyses the implications of two alternative scenarios a a further trade liberalisation covering all commodities and b increased protectionism with high prices constraints on production and export subsidies financed by the farmers themselves the study also investigates the implications of financial renationalisation whereby the european union member states would cover the costs of their own support measures

this unique and insightful book provides a comprehensive examination of contemporary cultural policy and its discourses influences and consequences it examines the factors that have led to a narrowing of cultural policy and suggests new ways of thinking about cultural policy beyond economics by reconnecting it with the practices of work value and the social

after years of official disrepute industrial policy ip is back in vogue at regional national and international levels driven by concerns over competitiveness globalisation de industrialisation unemployment and the comparatively slow growth of the eu economy especially in this post recession phase at the same time ip has been seen as a catalyst for designing economic recovery strategies at regional national and international levels as well as being a concerted strategy to develop new clean tech industries to tackle environmental challenges if anything the recent global recession and credit crunch have highlighted the fragility of some states and localities economic development paths and the unbalanced nature of their economies in terms of an over reliance on sectors such as retail financial services and construction to the detriment of manufacturing this also suggests an accompanying need for greater economic diversity so as to avoid over dependencies on certain sectors and a better balance of ownerships forms but what should be the shape of ip in the wake of the crisis and how can ip rebalance economies help support sustainable development and catalyse new technologies and innovations whilst learning lessons from past experience and debate this edited

volume examines these questions through a wide range of diverse contributions from expert international authors this book was originally published as a special issue of policy studies

language policy beyond the state invites readers to re consider the ways language policy is constituted taken up and researched if we look within and past the state contributors to this edited volume draw attention to language policy as always in the making focusing on agency on the ground practices and ideologies the chapters of the book reveal how simultaneous and at times contradicting language policies exist within a state and explore the complex roles played by families businesses educational institutions and media in generating and appropriating these policies by moving away from language policy analysis concerned primarily with how official state policies address well defined language problems some of the contributions of the volume highlight how the problems themselves can be ideological artifacts or are discursively constructed in language ideological debates that are provoked by changes in the geopolitical situation in the region using qualitative and descriptive research the book uses estonia as a setting to examine the ways historic and contemporary populations navigate language policies in both local and transnational spaces as a whole the collection speaks eloquently and powerfully to current efforts to understand and map the ways multiple institutions and individuals not just the state play an active role in forming and taking up language policies
