etourism case studies bridges the gap in contemporary literature by carefully examining marketing  
and management issues of many international companies that have successfully implemented  
etourism solutions divided into six sections this book explores the newest developments in this field  
introducing and discussing emerging trends approaches models and paradigms providing visions for  
the future of etourism and supporting discussion and elaboration with the help of thorough  
pedagogic aids with contributions from leading global experts both from the industry and academia  
each case follows a rigid structure with features such as bulleted summaries and review questions as  
well as each section having its own thorough introduction and conclusion written by the editors  
highlighting the key issues and theories this is the first book of its kind to bring together cases  
highlighting best practice and methods for exploiting ict in the tourism industry from international  
market leaders
