this book presents leaders and aspiring leaders in community colleges with a theoretical and practical framework for analyzing their leadership styles and determining the dimensions of leadership they need to improve in order to strengthen their capacity to resolve complex issues and effectively guide their institutions it does so through presenting theories about leadership that are congruent with the notions of equity access diversity ethics critical inquiry transformational change and social justice that drive the missions of community colleges and at the same time provides the reader with the strategic skills to prepare for and navigate the profound changes ahead readers will gain an understanding of how to use theory as a tool to guide their practice better understand the intricacies of the issues confronting them the power dynamics and organizational context in which they operate predict potential outcomes and develop processes to achieve desired outcomes utilizing theory in conjunction with case study analysis provides community college leaders with the tools needed to comprehensively interrogate and inform decision making processes the authors provide a number of rich and realistically complex case studies all of which are situated in a community college environment to which readers can apply the various theories and perspectives develop their view about the principles and actions most likely to lead to satisfactory outcomes and hone the approaches to leadership that are authentic to them and effective the authors aim to help readers

develop the multi faceted approach to leadership that is essential to running complex organizations they aim to promote development of the whole leader through a three fold framework of theory practice and introspection in context of institutional change in doing so leaders will be better equipped to lead community colleges in challenging times the authors tie aacc s competencies to the leadership theories they cover as well as to the analysis of the case studies and leadership inventories as an essential framework for developing the skill sets to enact the community college mission the book is suitable for personal reading and reflection institutional leadership retreats and training and as a text for higher education courses

is the conferring of baccalaureate degrees by community colleges a solution to increasing access to and capacity in higher education will the conferring of baccalaureate degrees restrict open access to and imperil the existing mission of community colleges what are the models and alternative methods of delivery what are the implications breaking away from their traditional mission of conferring only associate degrees and occupational credentials an increasing number of community colleges have begun seriously to explore and indeed in some u s states and canadian provinces to actually implement offering and conferring bachelor s degrees some leaders see these changes as a natural extension of community colleges commitment to access while others view their awarding of baccalaureate degrees as inappropriate and threatening the basic core values of this unique sector of higher education this has become a hot and controversial topic not only among community college and university leaders but also among policy makers business leaders and students concerned with issues of access cost and the structure and purposes of post secondary education this book analyzes the emerging trend of the community college baccalaureate degree in the united states and canada in order to contribute to the development of policy the authors aim to describe document and explain this significant development in higher education they present

the background examples of practice and different models of delivery develop a common terminology to facilitate discussion give voice to the views of proponents and critics alike and include a comprehensive bibliography and set of resources this book is intended as a catalyst for dialog action and further research on this critical and emerging trend it is essential reading for leaders of community colleges for administrators and planners in higher education concerned with issues of access and articulation and anyone in public policy grappling with demographic trends and society s need for educated citizens able to meet the challenges of the future

a comprehensive guide to everything an online instructor needs to know from designing a course to using technology to assessing students provided by publisher

drawing from a national survey of state directors of two year college education this book provides a state by state overview of information on the history governance finances programs and enrollments of the community college systems in 49 states while the descriptions vary in length and detail most contain information on 1 mission and goals 2 major historical periods 3 state governance structure 4 funding sources and formulas 5 trends in enrollments and full time equivalencies 6 program approval process types of programs and degree requirements 7 contact people and 8 bibliographic references ayc

minding the dream provides challenging reflective and practitioner based information about community colleges that is data based clear and accessible for the general reader as well as the scholar new employees current leaders graduate students legislators and boards of trustees need a grounded sense of the magnitude of the community college sector minding the dream evokes the laudatory goals of the early pioneers of the community college movement while accurately framing key programs and political conundrums

challenging community colleges minding the dream celebrates community colleges successes and is scrupulously honest about their failings community college leaders need honest information about what s working and need to be challenged about the things that are not state legislatures and congress need updated facts to assist them in making wise funding decisions regarding community colleges community college advocates need updated information to assist them in their advocacy work and higher education programs need an updated book about community colleges to use as a basic text these are the people who can benefit from reading minding the dream

a community college role in teacher education is not new but there is a new or more accurately renewed interest in this role a national conversation about how community colleges can help us alleviate the teacher shortage has truly begun with many believe that an expanded community college role is critical to meet the nation s need for well prepared teachers this volume illustrates the extent to which community colleges have become major players in teacher education not only in the traditional way of providing the first two years of an undergraduate degree in teacher education but in such more controversial ways as offering associate and baccalaureate degrees in teacher education and providing alternative certification programs this is the 121st issue of the jossey bass higher education series new directions for community colleges
