excerpt from theory and problems of social psychology this book is designed for the teacher and the student who are primarily interested in the science of psychology as a systematic interpretive account of human behavior and who are interested in applying the science of psychology to current social issues in attempting to meet these requirements the authors have not found it necessary to keep two sets of readers in mind or to treat the subject matter of this book from two points of view the basic guiding principle has been that a theoretically sound social psychology is also a practically valid and immediately useful social psychology neither the pure scientist nor the man of action can neglect public opinion survey data or experiments on perceptual organization without running the risk of making his theory truncated and narrow or his program of action superficial and ineffective about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

crime is always part of a social process in many cases that process determines the form the crime takes in this ground breaking book a wide range of crimes are examined in terms of the social psychological processes that influence the participants and their relationships with each other crimes as diverse as fraud and hostage taking are examined from a range of social science perspectives including broad anthropological perspectives on differences in the structure of criminal cultures as well as the detailed consideration of the roles offenders play in groups and teams of criminals this book opens up a new area of empirical study of relevance to students of crime as well as law enforcement officers it will also be of value and interest to all those social scientists who wish to understand how their disciplines can contribute more effectively to the investigation of crime

we cast social psychology in the intellectual tradition of the liberal arts by the teaching of great literature philosophy and science liberal arts education seeks to expand our awareness and to liberate us from the confines of the present by focusing on humanly significant issues we aim to offer social psychology's big ideas and findings to pre professional psychology students and to do so in ways that stimulate all students and with close up looks at how the game is played at the varied research tools that reveal the workings of our

social nature we hope to enable students to think smarter
