the purpose of this book is to help you learn proper phlebotomy and ek procedures and understand the whys of phlebotomy procedures many times as a patient i have observed phlebotomy techniques and i would ask the phlebotomist what is the reason for drawing the tubes in that order i would get either no reply or i m not sure now don t get me wrong i have met many technicians who have great skills but some cannot explain the most

important question why if you were asked to eat fish once a week and you ask why and the only answer you get is because it s good for you well i m sorry but where is the why in the same vein here why do you draw the tubes in a certain order when using my book you will also be able to link onto my website as an interactive guide so what are we waiting for let s begin
