the classic work of american history by the renowned author of from slavery to freedom with a new introduction by historian eric foner first published in 1961 john hope franklin s revelatory study of the reconstruction era is a landmark work of history exploring the role of former slaves and dispelling longstanding popular myths about corruption and radical rule looking past dubious scholarship that had

previously dominated the narrative franklin combines astute insight and careful research to provide an accurate comprehensive portrait of the era franklin s arguments concerning the brevity of the north s occupation the limited power wielded by former slaves the influence of moderate southerners the flawed constitutions of the radical state governments and the downfall of reconstruction remain compelling today this new edition of reconstruction after the civil war also includes a foreword by eric foner and a perceptive essay by michael w fitzgerald

in the past african american aspirations for political office were assumed to be limited to areas with sizeable black population bases by and large black candidates have rarely been successful in statewide or national elections this has been attributed to several factors limited resources available to african american candidates or identification with a black liberationist ideological thrust other factors have been a relatively small and spatially concentrated primary support base of black voters and the persistent resistance of many white voters to support black candidates for these reasons the possibility of black candidates winning elections to national office was presumably just a dream conventional wisdom conceded a virtual cap on both the possible number of black elected officials and the level of elective office to which they could ascend but objective political analysis has not always made sufficient allowances for the more universal phenomenon of individual political ambitions the contributors to this volume explore the ways ambitious individuals identified and seized upon strategies that are expanding the boundaries of african american electoral politics this volume is anchored by a symposium that focuses on new possibilities in african american politics both the electoral contests of 2006 and the barack obama presidential campaign represent an emergent dynamic in american electoral politics analysts are beginning to agree that the contours of social change now make the electoral successes of black candidates who are perceived as ideologically and culturally mainstream increasingly likely the debate captured in this volume will likely inspire further scholarly inquiry into the changing nature and dimensions of the larger dynamic of race in american politics and the subsequent changing political fortunes of african american candidates

a lucid and authoritative account of the course of american history discussing political social economic and cultural developments now thoroughly updated to bring the story up to the present day

editors birnbaum writer and taylor history florida international u have gathered an impressive array of documentary materials from a

variety of sources including excerpts from books and articles and recent newspaper articles their material divided into the broad categories of slavery reconstruction segregation the second reconstruction backlash redux and towards a third reconstruction traces the ongoing black struggle for civil rights from the arrival of the first africans to america today each major section begins with a brief introduction by the editors annotation copyrighted by book news inc portland or

this pioneering work brings together for the first time in a single reference work all of the extant fugitive and recently discovered registration data on african american voters from colonial america to the present it features election returns for african american presidential senatorial congressional and gubernatorial candidates over time rich insightful narrative explains the data and traces the history of the laws dealing with the enfranchisement and disenfranchisement of african americans topics covered include the contributions of statistical pioneers including monroe work w e b dubois and ralph bunche african american organizations like the naacp and national equal rights league nerl pioneering african american officeholders including the few before the civil war four influxes of african american voters reconstruction southern african american men the fifteenth amendment african american men across the country the nineteenth amendment african american female voters in 1920 election and the voting rights act of 1965 the historical development of disenfranchisement in the south and the statistical impact of the tools of disenfranchisement literacy clauses poll taxes and grandfather clauses the african american electorate features more than 300 tables 150 figures and 50 maps many of which have been created exclusively for this work using demographic voter registration election return and racial precinct data that have never been collected and assembled for the public an appendix includes popular and electoral voting data for african american presidential congressional and gubernatorial candidates and a comprehensive bibliography indicates major topic areas and eras concerning the african american electorate the african american electorate offers students and researchers the opportunity for the first time to explore the relationship between voters and political candidates identify critical variables and situate african americans voting behavior and political phenomena in the context of america s political history

over the years no feature of the constitution has attracted more criticism than that strange creature called the electoral college thomas e weaver has made that history into a story with an intriguing cast of characters some familiar several new to me if you want to know why it is so hard to do away with this long standing anachronism weaver s story will help you understand joseph j ellis professor emeritus of history mount holyoke college author of pulitzer prize winning founding brothers the revolutionary generation weaver

makes excellent use of well chosen vivid anecdotes and a clear lively writing style in order to offer an engaging and insightful analysis of a topic that in less skilled hands could easily be offputtingly dry or arcane two other compelling aspects of the manuscript are that the subject matter is of obvious urgent contemporary concern and that the author has ferreted out underappreciated narratives of women and minorities that are nevertheless central to understanding the historical development of the electoral college system gregory s aldrete professor emeritus of history and humanities university of wisconsin green bay author of daily life in the roman city rome pompeii and ostia those who think that throwing stones at political institutions is the same as reasoned debate should take some lessons from this carefully researched book with a cast of colorful characters in tow weaver examines the long standing controversies surrounding the ec and sets out numerous proposals for reform which range from outright abolition to removing the plus two clause weaver brings a wealth of historical research to the task writing with authority and clarity kirkus weaver s history of the origins of the electoral college and the reasons put forth both for its abolition and its preservation is tremendously engaging in lively and accessible prose weaver makes the history of the founding of the ec come alive and he makes the issues surrounding it pro and con clear understandable and interesting booklist

the record of each copyright registration listed in the catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc

he also examines their struggle to revive the experiment with the lodge federal elections bill of 1890 the last serious attempt at civil rights legislation until the 1950s

an in depth critical analysis of how ruling elites use the police institution in order to control communities

some programs include also the programs of societies meeting concurrently with the association

in 1840 william henry harrison a member of the whig party was elected president of the united states ending the forty year stranglehold jacksonian democrats had on the white house and signaling the completion of a national two party system but even before harrison s inauguration interparty conflicts over slavery had overwhelmed both parties and they had begun to disintegrate by

the onset of the civil war the two party system had become a mere mechanism for carrying out sectional interests after the war the parties struggled to once again become national organizations but instead they found themselves beholden to powerful special interest groups this book examines the social economic and political factors that affected the parties during the sixty year period while delineating the personalities involved and the key campaign issues
