gain important insight and a broader perspective on where why and how sex workers conduct their business for years the focus of sex work research has been on street based male and female sex workers and the hiv related risks they pose to their clients contemporary research on sex work moves beyond the basic association between sex work and unprotected sex to a fuller description of the varied facets of the industry while still pursuing a better understanding of hiv risk among those working the streets the diverse approaches in this unique book include targeted sampling qualitative and quantitative interviews ethnographic interviews with key informants using sex workers as recruiters and quasi experimental intervention designs contemporary research on sex work dispels the notion that all sex workers are prostitutes working the streets highlighting instead various aspects of sex work in terms of gender venue and context social scientists from a variety of disciplines present research collected from across the united states cambodia the philippines argentina and canada that reflects the efforts to explore interventions and programs designed to improve the social and physical lives of male female and transgender sex workersand their clients the book examines how different circumstances determine different issues of power control health social functioning mental health and hiv sti risk each sex worker faces contemporary research on sex work examines condom use by transgender female sex workers the association between mental health issues and unprotected sex the influence of structural intervention in reducing biologically sexually transmitted infections stis the hidden population of women who solicit clients in private locations off the street stigma resistance among male sex workers in canada the relationship between childhood sexual abuse and subsequent involvement in sex work health services among male sex workers in argentina how the intersection between race ethnicity affects female sex workers in los angeles how sex workers deal with the negativity that surrounds their profession job related risk and safety for sex workers in canada legal concerns and policy issues and much more contemporary research on sex work is your guide to the next generation of sex work research highlighting the need to understand sex work as work the book is an essential resource for

researchers in the fields of sex research sex work and hiv aids prevention and for clinicians who work with those involved in the industry

projects and programmes are approved and funded to generate benefits project management for the creation of organisational value proposes a complete framework that seeks to support such an objective from project selection and definition through execution and beyond implementation of deliverables until benefits are secured because it is preoccupied with deliverables accepted project management practice is flawed project management for the creation of organisational value proposes an alternative approach which seeks a flow of target outcomes for the organisation investing in the project project management for the creation of organisational value provides support for all those who play a role of leadership in projects at different levels senior executives practitioners and academics will find in this book a comprehensive guide to the conduct of projects and programmes which includes robust models a set of consistent principles an integrated glossary enabling tools illustrative examples and case studies a companion workbook to this text for instructors and students is available online at extras.springer.com the workbook illustrates project management concepts using the approach presented in this book and contains a range of exercises

this volume s focus on the environmental accounting of supply chain processes is of particular relevance because these processes supply data about the environmental impact of relationships between business organisations an area where the boundary separating internal and external accounting is ill defined here contributors advocate what they term accounting for cooperation as a more environmentally positive complement to the paradigmatic practice of accounting for competition

sustainable development will not happen without substantial contributions from and leading roles of companies and business organizations this requires the provision of adequate information on corporate social and ecological impacts and performance for the last decade progress has been made in developing and adapting accounting mechanisms to these needs but significant work is still needed to tackle the problems associated with conventional accounting until recently research on environmental management accounting ema has concentrated on developed countries and on cost benefit analysis of implementing individual ema tools using a comparative case study design this book seeks to redress the balance and improve the understanding of ema in management decision making in emerging countries focussing specifically on south east asian companies drawing on 12 case studies taken from a variety of industries environmental management accounting case studies of south east asian companies explores the relationship between decision situations and the motivation for and barriers to the application of clusters of ema tools as well as the implementation process itself this book will be useful to scholars interested in the environmental and sustainability management accounting research field and those considering specific approaches to ema within emerging economies

together with the proceedings of the stockholders and the board of directors
