the new edition of key terms in second language acquisition defines the key terminology within second language acquisition and also provides accessible summaries of the key issues within this complex area of study the final section presents a list of key readings in second language acquisition that signposts the reader towards classic articles and also provides a springboard to further study the whole book has been updated and expanded to take into account a wider range of theories and developments since the first edition it remains at the top of its game the text is accessibly written with complicated terms and concepts explained in an easy to understand way key terms in second language acquisition is an essential resource for students

this volume offers an introduction to the field of second language acquisition with a particular focus on second language spanish it connects key issues in the acquisition of spanish as a second language to theoretical and empirical issues in the field of second language acquisition more generally by exemplifying central concepts in second language acquisition through the exploration of the most widely researched structures and most recent developments in the field of second language spanish it is written for a non specialist audience making it suitable for advanced undergraduate and graduate courses and readers while its treatment of recent empirical developments also makes it of interest to researchers in second language spanish as well as allied fields

this edited volume brings together perspectives that find mutual kinship in a view of language as an embodied semiotic symbolic tool used for communicative and interactional purposes and an understanding of language use as the preeminent condition for language learning perspectives that we conjoin under the umbrella term of usage based perspectives

this book includes studies that employ a variety of research techniques from diverse fields targeting a better understanding of the second language l2 foreign language fl acquisition process including issues of heritage language hl learning specifically the chapters discuss matters such as speech perception and production patterns in a second foreign language factors that facilitate second language acquisition acquisition of heritage languages teaching of a second foreign language and acquisition of second foreign language grammatical and other structures among others the investigation of l2 fl and hls is of paramount importance for updating the existing theories in the field and maximizing learning outcomes for the sake of effective communication cultivation of intercultural understanding career advancement and personal development the book is of interest to a wide range of disciplinary audiences including linguists psychologists educators and social scientists

second language learning and language teaching provides an introduction to the application of second language acquisition research to language teaching assuming no previous background in second language acquisition or language teaching methods this text starts by introducing readers to the basic issues of second language acquisition research it then examines how people learn particular aspects of the second language such as grammar vocabulary pronunciation and the writing system and at the strategies they adopt in their learning and the differences between individuals final chapters look at second language learning in a broader context the goals of language teaching and how teaching methods relate to sla research this newly updated fifth edition builds on the comprehensive scope of earlier editions while also addressing more recent developments in the field particularly multilingual approaches to language teaching

divdivhow does a person learn a second language in this provocative book marysia johnson proposes a new model of second language acquisition sla a model that shifts the focus from language competence the ability to pass a language exam to language performance using language competently in real life contexts johnson argues that current sla theory and research is heavily biased in the direction of the cognitive and experimental scientific tradition she shows that most models of sla are linear in nature and subscribe to the conduit

metaphor of knowledge transfer the speaker encodes a message the hearer decodes the sent message such models establish a strict demarcation between learners mental and social processes yet the origin of second language acquisition is located not exclusively in the learner s mind but also in a dialogical interaction conducted in a variety of sociocultural and institutional settings says the author drawing on vygotsky s sociocultural theory and bakhtin s literary theory she constructs an alternative framework for second language theory research teaching and testing this approach directs attention toward the investigation of dynamic and dialectical relationships between the interpersonal social plane and the intrapersonal individual plane johnson s model shifts the focus of sla away from a narrow emphasis on language competence toward a broader view that encompasses the interaction between language competence and performance original and controversial a philosophy of second language acquisition offers an introduction to vygotsky s sociocultural theory and bakhtin s literary theory both of which support an alternative framework for second language acquisition an examination of the existing cognitive bias in sla theory and research a radically new model of second language acquisition div div

in the age of the global village and the world wide web understanding the way in which people learn languages is of ever increasing importance this book makes the essentials of this rapidly expanding area of study accessible to readers encountering it for the first time

this book examines different theoretical perspectives on the role that interaction plays in second language acquisition the principal perspectives are those afforded by the interaction hypothesis socio cultural theory and the levels of processing model interaction is therefore defined broadly it is seen as involving both intermental and intramental activity the theoretical perspectives are explored empirically in a series of studies which investigate the relationship between aspects of interaction and second language acquisition a number of these studies consider the effects of interaction on the acquisition of vocabulary word meanings by both adult and child l2 learners in addition the effects of language aptitude on input processing are considered further studies consider the contribution that interaction makes to the acquisition of grammatical knowledge these studies provide clear evidence that

social and intermental interaction are major forces in the acquisition of an L2 finally the book considers a number of pedagogic specifications in particular the importance of discourse control as a means of learners obtaining the quality of interaction likely to foster acquisition is discussed

a state of the art survey of second language speech research presenting revision of an influential model alongside new empirical studies

Spolsky here examines the conditions under which languages are learned and how learning related to teaching his theory set out in the form of a preference model emphasizes the need to be precise and clear on the nature of the goals and outcomes of learning and to recognize the complexity of the concept of knowing a second language

whether we grow up with one two or several languages during our early years of life many of us will learn a second foreign or heritage language in later years the field of second language acquisition SLA for short investigates the human capacity to learn additional languages in late childhood adolescence or adulthood after the first language in the case of monolinguals or languages in the case of bilinguals have already been acquired understanding second language acquisition offers a wide encompassing survey of this burgeoning field its accumulated findings and proposed theories its developed research paradigms and its pending questions for the future the book zooms in and out of universal individual and social forces in each case evaluating the research findings that have been generated across diverse naturalistic and formal contexts for second language acquisition it assumes no background in SLA and provides helpful chapter by chapter summaries and suggestions for further reading ideal as a textbook for students of applied linguistics foreign language education TESOL and education it is also recommended for students of linguistics developmental psycholinguistics psychology and cognitive science supporting resources for tutors are available free at routledge.com/ortega

table of contents

language acquisition is a human endeavor par excellence as children all human beings learn to understand and speak at least one language their mother tongue it is a process that seems to take place without any obvious effort second language learning particularly among adults causes more difficulty the purpose of this series is to compile a collection of high quality monographs on language acquisition the series serves the needs of everyone who wants to know more about the problem of language acquisition in general and or about language acquisition in specific contexts

the new handbook of second language acquisition is a thoroughly revised re organized and re worked edition of ritchie and bhatia s 1996 handbook the work is divided into six parts each devoted to a different aspect of the study of sla part i includes a recent history of methods used in sla research and an overview of currently used methods part ii contains chapters on universal grammar emergentism variationism information processing sociocultural and cognitive linguistic part iii is devoted to overviews of sla research on lexicon morphosyntax phonology pragmatics sentence processing and the distinction between implicit and explicit knowledge part iv examines neuropsychology of sla another on child sla and the effects of age on second language acquisition and use part v is concerned with the contribution of the linguistic environment to sla including work on acquisition in different environments through the internet and by deaf learners finally part vi treats social factors in sla including research on acquisition in contact circumstances on social identity in sla on individual differences in sla and on the final state of sla bilingualism
