this steps to christ study workbook guides you in digesting and distributing the food for change found inside this classic volume so my friend a better world is within you in your hands is the key the passport the seed the acorn the beginning you need to get us all there

this study book delves into the cause of abrahams tithing to melchizedek in order to indicate the fundamental spiritual benefits of christian tithing to every individual member of a local church and its overall importance to the church of christ in general the book establishes the following lessons concerning the tithing of abraham god had planned that abraham will tithe before the creation of the universe as the father of the christian faith god had worked in abraham to tithe to melchizedek to establish it as a unique type of giving by the church to the high priestly ministry of christ affirming the fact that abraham did not know and was not relating to gods personal nature when he was initially brought to canaan the book also establishes the following lessons the tithing of abraham was an indicator of gods work in him for the patriarch to know and to relate to his personal nature in working in abraham to tithe as an act of knowing and relating to him personally god was also establishing the fundamental principle of christian tithing that it will be by the principle of knowing and relating to god personally thus the book benchmarks the spiritual growth that occurred in the life of abraham following his tithing as the fundamental benefit of the practice of christian tithing to the individual members of a local church it shows us that christian tithing is essentially a standardized way of giving by divine establishment that the church would utilize to cultivate personal relationship with god with the goal of growth in trust love and holiness to god with its unique perspective concerning the tithing of abraham this book serves as a groundbreaking resource for the spiritual vitality of the church

psychology third edition builds upon the experience and reputations of phil zimbardo and ann weber with the addition of a new co author bob johnson who has a wealth of teaching experience at the community college level this briefer less expensive book presents psychology in a meaningful manageable format that focuses on the key questions and core concepts of psychology introductory psychology covers such a wide range of topics and issues that it becomes difficult for readers to see the forest for the trees to make key psychological concepts more meaningful the authors found inspiration in a classic chess study this study showed that experts did no better than novices at remembering the location of pieces on a chess board when they were placed randomly only when the patterns represented actual game situations did they make sense and therefore become more easily memorable for the experts clearly meaningful patterns are easier to remember and understand than random arrangements and psychology applies this by presenting the field of psychology in meaningful patterns to enhance comprehension these concepts are then applied to readers own lives study skills and the world around them finally psychology integrates a cross cultural and multicultural perspective to make psychology meaningful for everyone for anyone interested in introductory psychology
