in discussing a management topic scholars educators practitioners and the media often toss out
the name of a theorist taylor simon weber or make a sideways reference to a particular theory
bureaucracy total quality management groupthink and move on as if assuming their audience
possesses the necessary background to appreciate and integrate the reference this is often far
from the case individuals are frequently forced to seek out a hodgepodge of sources varying in
quality and presentation to provide an overview of a particular idea this work is designed to serve
as a core reference for anyone interested in the essentials of contemporary management theory
drawing together a team of international scholars it examines the global landscape of the key
theories and the theorists behind them presenting them in the context needed to understand their
strengths and weaknesses to thoughtfully apply them in addition to interpretations of long
established theories it also offers essays on cutting edge research as one might find in a
handbook and like an unabridged dictionary it provides concise to the point definitions of key

concepts ideas schools and figures features and benefits two volumes containing over 280 signed entries provide users with the most authoritative and thorough reference resources available on management theory both in terms of breadth and depth of coverage standardized presentation format organized into categories based on validity and importance structures entries so that readers can assess the fundamentals evolution and impact of theories to ease navigation between and among related entries a reader's guide groups entries thematically and each entry is followed by cross references in the electronic version the reader's guide combines with the cross references and a detailed index to provide robust search and browse capabilities an appendix with a chronology of management theory allows readers to easily chart directions and trends in thought and theory from early times to the present an appendix with central management insights allows readers to easily understand compare and apply major theoretical messages of the field suggestions for further reading at the end of each entry guide readers to sources for more detailed research and discussion key themes include nature of management managing people personality and perception managing motivation managing interactions managing groups managing organizations managing environments strategic management human resources management international management and diversity managerial decision making ethics and creativity management education research and consulting management of operations quality and information systems management of entrepreneurship management of learning and change management of technology and innovation management and leadership management and social environmental issues plus appendix of chronology of management theory plus appendix of central management insights

the book has been specially created for b com m com and other professional courses at the end of every chapter questions and answers have been given for the better preparation of the students and the teachers of the subject

this book explains how to bridge the divide between theory and practice in a specific concrete and easy to relate manner drawing on real life personal accounts of how students have used classroom taught theories and skills in their jobs practical guidelines are included to help the reader use these lessons in their everyday lives
