schools wishing to introduce the ib diploma programme are faced with major investment in terms of time effort and money in

order to become authorised this manual is a resource for schools already offering the diploma as well as for prospective diploma schools

this book a blend of practice and theory shows how the school library can contribute to the success of the international baccalaureate diploma program written for librarians in schools that are applying to offer the program as well as those who already work with it the international baccalaureate diploma program and the school library inquiry based education provides information and strategies specifically relating libraries to the ibdp the guide includes information about the ibdp ranging from the subject matrix to unique aspects of the program such as the theory of knowledge course the extended essay requirement and the learner profile the book also discusses other important features of ib programs such as internationalism and academic honesty finally it blends theory and practice by providing details and findings from the only two year research study to follow students and teachers through the ibdp the study demonstrates the role of the school library in the program showing how both students and teachers used and valued it each chapter concludes with a series of points or strategies for the librarian to reflect upon and or use as the basis of action

the international baccalaureate ib is a respected qualification gaining increasing currency around the world and which has been adopted by a wide variety of schools both public and private in the uk growing dissatisfaction with the a level system has led to an intense debate about alternative qualifications and in many schools ib courses have been introduced alongside conventional a level courses this practical introduction to the ib takes a balanced look at the pros and cons and features a wealth of advice from those actually involved in teaching and implementing it in schools providing comparative material on how ib courses differ from a levels and a subject by subject account of best practice in teaching the ib this book offers a rich source of practical advice for teachers school leaders or managers involved in teaching or implementing the ib programmes

this book makes an original contribution to credential sociology by analysing how high school certificates become and remain valuable in a context of mass high school participation i e credentialism building on a detailed analysis of the international baccalaureate ib diploma a senior secondary school certificate offered in over 150 countries quentin maire argues that the advent of new private credentials can be understood as a phenomenon of credential stratification in a context of intensified academic competition using original data on high school credentials in australia and internationally the author makes a strong case for certificates to be studied relationally by locating them in the credentialing structures in which they are inserted he systematically applies the comparative method to explain the role of the curriculum family resources school segregation and higher education selection in creating a credential hierarchy his robust combination of theoretical construction and detailed empirical work allows him to offer new insights into social inequality in education systems credential theory and the ib

diploma

with the intensification of globalization there is a growing consensus that international education has come of age this book examines how the changing conditions of the present have given rise to an altered set of meanings and uses for international education using the international baccalaureate ib as its focal point currently adopted in over 2 500 private and state run schools in 134 countries around the world the ib has far surpassed the expectations of its founders who struggled under considerable challenges in the 1960s to develop an internationally recognized diploma for university entrance from its beginnings to its current prominence the history of the ib richly illuminates the shifting meanings uses challenges and progressive openings of international education in a global age documenting the ideals goals and complications faced by the ib movement this book will be relevant to individuals interested in the ib in particular as well as to those interested in the broader areas of global studies progressive pedagogy educational change and globalization

drawing on extensive scholarly work datasets and experience with international baccalaureate ib schools in asia this book illuminates contemporary debates discussions and discoveries surrounding ib schools in the region schools adopting ib programmes are growing exponentially worldwide where asia has seen the fastest growth since 2000 by critically exploring the roles practices and impacts of ib schools this book enhances our understanding of whether and how ib programmes can drive improvements in school practices and systems in asia the book is organised into four parts and 12 chapters aiming to discern the light and shadow of schools implementing ib programmes part 1 provides insights into international baccalaureate diploma programme ibdp students learning experiences and outcomes part 2 focuses on school leadership examining the role of leadership in programme implementation and its relationship with ibdp student achievement part 3 offers a comparative perspective on the ib exploring topics such as the pedagogical characteristics of the middle years programme myp the introduction of ib programmes into local and national education systems and comparing the promised and actual benefits between the ibdp and other international programmes finally part 4 addresses two critical issues related to the expansion of ib programmes in asia the introduction and operation of ib programmes within national contexts and the emergence of educational stratifications and inequalities by the expansion of ib schools built on substantial data and empirical studies this book fills a crucial gap in understanding the evolving nature of ib programmes in asia it provides readers with a critical and comprehensive understanding of the changing landscape of ib schooling practices and systems in the region this book is an invaluable resource for academics educators scholars and graduate students in the fields of educational leadership and administration comparative and international education higher education and education policy and governance

to celebrate its 50th anniversary the ib proudly invites you to read about the first half century of its ongoing story written

by a series of significant figureheads and stakeholders this book describes and celebrates the ways in which the ib has seized the opportunity not only to address the need for an internationally recognized certification of educational achievement but also to frame a global vision for values based learning that improves the prospects for a better and more peaceful world contributors carolyn adams sir john daniel judith fabian howard gardner laura gardner jenny gillett matt glanville judith guy robert harrison garth hegarty ian hill carol inugai dixon siva kumari andrew macdonald andrew maclehole pilar quezzaire angela riviere dominic robeau george rupp hrh princess sarvath el hassan of jordan anthony tait nicholas tate george walker

this is the story of two initiatives in international education one originating in switzerland the other in britain but both now established in most countries of the world including especially the united states and u s schools overseas the international baccalaureate ib is a college entrance examination which can be taken in any country and is recognized by universities in any country adoption of the ib curriculum in a school ensures tht the school is brought up to international standards currently for example nearly 400 u s schools offer the ib and the number is rapidly growing the united world colleges uwc are a chain of schools in many countires where young people of all nations and backgrounds can live and learn together there are now ten united world colleges each drawing students from all over the world schools across frontiers is an inspiring sometimes amusing highly personal and anecdotal history of the ib and the uwc by the late alec peterson who played a pioneering role in forming them this second edition has additional chapters by ian hill and david sutcliffe bringing the story of the ib and the uwc up to date

developed in cooperation with the international baccalaureate everything you need to deliver a rich concept based approach for the new ib diploma english language and literature course navigate seamlessly through all aspects of the syllabus with in depth coverage of the key concepts underpinning the new course structure and content investigate the three areas of exploration in detail and engage with global issues to help students become flexible critical readers provide a variety of texts with a breadth of reading material and forms from a diverse pool of authors engaging activities are provided to test understanding of each topic and develop skills guiding answers are available to check your responses identify opportunities to make connections across the syllabus with explicit reference to tok ee and cas
