voting and elections may often be cited as the most entertaining aspect of political theatre however it is the arena of public policy that has the most direct impact on the lives of the citizenry and as we have seen played out in recent debates over healthcare reform policy changes can be dramatic sweeping and often hotly contested known for providing a trusted and comprehensive overview of the policy process b guy peters returns with the ninth edition of american public policy promise and performance beyond walking students through the governmental structures and policy making procedures peters efficiently covers a wide swath of policy areas and then concludes with a look at both cost benefit analysis and ethical analysis framed in context of the aftermath of the financial crisis and great recession the ninth edition considers how policy has been impacted by persistent unemployment and growing income inequality in addition peters discusses the strain on education budgets increased oversight of financial activities fiscal policies meant to stimulate the economy and the political challenge of balancing the budget

in light of increased public spending

social work and social welfare an invitation is a nationally recognized best selling text and unique website for us introductory social work and social welfare courses it provides students with the knowledge skills and values that are essential for working with individuals families groups organizations communities and public policy in a variety of practice settings this new third edition is an up to date profile of the world in which today s social workers practice with current demographic statistical legislative policy and research information sensitive discussions of contemporary ethical issues and new first person narratives from social workers in a variety of fields the call to become engaged in some of society s most challenging issues is clearer than in previous editions

this book argues that the trade distorting effects of advantages associated with soes are more severe from an economic perspective and the behavior of soes after receiving advantages is of more concern compared to private owned enterprises poes the premise is that the existence of soes per se is not the essential problem rather the underlying problems are i the disproportionate granting of advantages to soes compared to poes and ii the behavior of soes once they receive advantages the book offers a systematic analysis focusing on the various advantages granted to soes and their subsequent behavior its detailed analysis reveals the inadequacy of current wto rules and is complemented by a number of concrete proposals
