neil smelser s social paralysis and social change is one of the most comprehensive histories of mass education ever written it tells the story of how working class education in nineteenth century britain often paralyzed by class religious and economic conflict struggled forward toward change this book is ambitious in scope it is both a detailed history of educational development and a theoretical study of social change at once a case study of britain and a comparative study of variations within britain smelser simultaneously meets the scholarly standards of historians and critically addresses accepted theories of educational change progress conflict and functional theories he also sheds new light on the process of secularization the relations between industrialization and education structural differentiation and the role of the state in social change this work marks a return for the author to the same historical arena victorian britain that inspired his classic work social change in the industrial revolution thirty five years ago smelser s research has again been exhaustive he has achieved a remarkable synthesis of the huge body of available materials both primary and secondary smelser s latest book

will be most controversial in its treatment of class as a primordial social grouping beyond its economic significance indeed his demonstration that class ethnic and religious groupings were decisive in determining the course of british working class education has broad ranging implications these groupings remain at the heart of educational conflict debate and change in most societies including our own and prompt us to pose again and again the chronic question who controls the educational terrain
