this book focuses on fintech regulation in asian situating local developments in broader economic regulatory and technological contexts over the last decade fintech broadly defined as the use of new information technologies to help financial institutions and intermediaries compete in the marketplace has disrupted the financial services sector like other 21st century technological developments fintech is a global phenomenon that plays out in local economic political and regulatory contexts and this dynamic interplay between global trends and local circumstances has created a complex and fast changing landscape diverse stakeholders most obviously incumbent financial service providers tech start ups and regulators all pursue a competitive edge against a background of profound uncertainty about the future direction and possible effects of multiple emerging technologies compounding these difficulties are uncertainties surrounding regulatory responses policymakers often struggle to identify appropriate regulatory responses and increasingly turn to policy experimentation such issues add to the challenges for the various actors operating in the fintech space this situation is particularly fluid in asia since many jurisdictions are seeking to establish themselves as a regional hub for new financial services

how can we fully understand aikido or any other martial art for that matter when we have only been exposed to part of it while learning about the art we can easily make assumptions and be tricked by false impressions in most cases even instructors do not have enough background to grasp the entirety of the art and are happy to work with part of it the content in this special two volume anthology details the many facets of aikido as it was formulated by morihei ueshiba 1883 1969 o sensei the great teacher each chapter contributes to a piece of the aikido puzzle by providing historical details insightful technical drills bare handed and with weapons and components that have flavored this art with a spiritual essence from the ueshiba wellspring

flows a number of streams political splinter groups offering their own take on what aikido should be and how it should be practiced each branch may stand on its own but a good number of scholars and practitioners prefer a more encompassing representation of what o sensei taught so chapters in these volumes help put humpty dumpty back together again volume i includes ten chapters and volume ii another fourteen the authors twenty three in all present superb credentials as scholars and practitioners of aikido on the academic side you ll find chapters that detail aikido s philosophy from ethical relationships and practical theory to the subtle spiritual dimension a few authors highlight the circumstances regarding the transmission of aikido from teacher to student some authors show how culture influences the perception and understanding of aikido when it travels outside japan aikido is often practiced as a system of body movement encompassing a philosophy of peace and harmony others may focus on learning the art for its effective methods of self defense composed of material previously published in the journal of asian martial arts this two volume anthology is heavy on the technical aspects of aikido that both teachers and students would benefit by reading training methods are discussed in detail supported by hundreds of illustrations of attack and defense whatever your primary interest is in aikido aikido o sensei s sublime synthesis will prove to be a great reference for the scholar and practitioner we hope this convenient collection of quality material dealing with morihei ueshiba s martial discipline will benefit your research and inspire the practice of this elegant art

in 2018 the indonesian economy recorded a growth rate of 5.2 the highest in five years this was in spite of a slump in the rupiah and a trade imbalance and took place against a backdrop of rising us interest rates and deteriorating trade relations between the world s two biggest economies the country s emphasis on industrialisation and infrastructure development is laying the foundations for continued economic growth moreover the archipelago s growing middle class population geographical position and human capital development agenda alongside progress in free trade agreements make it a strong contender on the global economic stage the country holds considerable potential for developing entrepreneurial and creative prowess already being home to four unicorn startups investors have continued to look beyond traditional destinations with emerging cities like surabaya and palembang showing strong possibilities for economic growth although the outcome of the april 2019 national election will determine the course of further infrastructure development and tax reforms the future looks promising with predictions of continued growth accompanied by stable inflation
