key readings in criminology provides a comprehensive single volume collection of readings in criminology it provides students with convenient access to a broad range of excerpts over 150 readings from original criminological texts and key articles and is designed to be used either as a stand alone text or in conjunction with the same author's textbook criminology this volume can be used in a number of ways in support of the study of criminology as a source of both key and supplementary reading for lectures as the basis for organized reading in advance of seminars and tutorials as the basis for classroom discussion and analysis as a broad source of reading for exam revision in addition it provides students with access to a broad range of materials with which to follow up their reading of their main textbook it includes readings that include more recent summaries of particularly important criminological issues as well as excerpts from criminological classics it also introduces students not only to criminological argument and debate but also encourages them to read primary as well as secondary or summary sources

crime is big news from murder to theft to drug gangs crime and criminal justice affect

the lives of millions of people worldwide hardly surprisingly crime has been pushed high up the public policy agenda across the world but how can we measure crime or evaluate the effectiveness of preventative measures does the threat of prison reduce someone's likelihood of reoffending or would rehabilitation be more constructive in this very short introduction tim newburn considers how we can study trends in crime and use them to inform preventative policy and criminal justice analysing the history of the subject he reflects on our understanding of crime and responses to crime in earlier historical periods considering trends in crime in the developed world newburn discusses its causes exploring the relationship between drugs and crime analysing what we know about why people stop offending and looking at both formal and informal responses to crime newburn concludes by discussing what role criminology can plausibly be anticipated to have in crime control and politics and what its limits are about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

this book offers a short and accessible introduction to criminology written in a clear and direct style criminological theories are made more accessible for undergraduates and the workings of the criminal justice system are explained students will learn not only how the criminal justice system works but also how it does not work beyond introducing students to the basics the book provides a persuasive argument that the criminal justice system we have in the united states comes nowhere close to our ideals for justice doing little good in terms of crime control while doing great harm to minorities and the poor engaging and far ranging this text offers a condensed approach to the key themes and debates surrounding crime and justice and covers definitions and measurements of crime criminological theories crime typologies and contemporary issues in the criminal justice system it includes chapters on criminological methods and data biological psychological and classical theories of crime sociological theories of crime patterns of crime the police the courts corrections and the american prison system written by an

experienced textbook author this book offers a critical approach to the subjects discussed and draws on topical examples such as black lives matter the militarization of the police plea bargaining and the war on drugs it is essential reading for criminology courses within a sociology major and will also be of interest to criminal justice majors law students policymakers and informed citizens

for any criminologist looking to make sense of recent developments in the field this is the go to book in essays by leading specialists it provides the latest updates on traditional theories whilst charting new directions it also offers interpretive frameworks for criminology's current flux and fragmentation and closely examines relationships among theory policy and criminal justice practice invaluable and indispensable nicole rafter professor northeastern university the sage handbook of criminological theory re-centres theory in the boldest most thought provoking form possible within the criminological enterprise written by a team of internationally respected specialists it provides readers with a clear overview of criminological theory enabling them to reflect critically upon the variety of theoretical positions traditional emergent and desirable that are constitutive of the discipline at the beginning of the twenty first century each chapter has been specially commissioned to include the following a brief historical overview of the theoretical perspective core ideas and key associated concepts a critical review of the contemporary status of the perspective reflections on future developments in addition the handbook features a substantive introduction by the editors providing a review of the development of criminological theory the state of contemporary criminological theory and emergent issues and debates the sage handbook of criminological theory is an indispensable international resource for libraries and scholars of all levels studying the rapidly developing interdisciplinary field of criminology

criminology is a booming discipline yet one which can appear divided and fractious in this rich and diverse collection of 34 essays some of the world's leading criminologists respond to a series of questions designed to investigate the state impact and future challenges of the discipline what is criminology for what is the impact of criminology

how should criminology be done what are the key issues and debates in criminology today what challenges does the discipline of criminology face how has criminology as a discipline changed over the last few decades the resulting essays identify a series of intellectual methodological and ideological borders borders in criminology as elsewhere are policed yet they are also frequently transgressed criminologists can and do move across them to plunder admire or learn from other regions while some boundaries may be more difficult or dangerous to cross than others it is rare to find an entirely secluded locale or community in traversing ideological political geographical and disciplinary borders criminologists bring training tools and concepts as well as key texts to share with foreigners from such exchanges over time borders may break down shift or spring up enriching those who take the journey and those who are visited it is in other words in criminologys capacity for and commitment to reflexivity on which the strength of the field depends

newburn s criminology is a comprehensive introduction to criminology for students who are either new or relatively new to the subject it provides the basis of study for undergraduate students new postgraduate students and those who need a foundation knowledge of criminology for other relevant courses including access and foundation degree courses in colleges and universities courses in law probation policing criminal and forensic investigation and on other aspects of crime and the criminal justice system key readings in criminology provides a comprehensive single volume collection of readings in criminology providing students with convenient access to a broad range of excerpts from original criminological texts and key articles

criminology and democratic politics brings together a range of international leading experts to consider the relationship between criminology and democratic politics how does criminology relate to democratic politics what has been the impact of criminology on crime and justice how can we make sense of the uses non uses and abuses of criminology such questions are far from new but in recent times they have moved to the centre of debate in criminology in different parts of the world the chapters in criminology and democratic politics aim to contribute to this global debate chapters

cover a range of themes such as punishment knowledge and penal politics crime fear and the media democratic politics and the uses of criminological knowledge and the public role of criminology an accessible and compelling read this book will appeal to students and scholars of criminology sociology and politics and all those interested in how criminology relates to democratic politics in modern times

pitirim a sorokin 1889 1968 was one of the most original important and controversial figures in american sociology his spectacular rise from a peasant childhood in czarist russia to the olympian heights of harvard university provides an unlikely and fascinating lens for examining the history of an entire discipline and as barry johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both sorokin s life and the tempestuous world of academic politics an outspoken revolutionary and secretary to alexander kerensky sorokin was imprisoned and ordered executed by lenin then reprieved and exiled during the 1920s he flourished as a teacher and scholar at the university of minnesota where he published several pioneering books on the russian revolution social mobility sociological theory and rural sociology harvard president a lawrence lowell was so impressed that he recruited sorokin to chair the university s first department of sociology from 1930 to 1944 the department prospered under sorokin s leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline in this period sorokin published several volumes of his magnum opus social and cultural dynamics and became embroiled in a bitter battle with rival talcott parsons for control of the department parsons ultimately deposed sorokin and transformed sociology into the department of social relations sorokin nevertheless stayed on at harvard where he established the center for creative altruism but otherwise continued to work in relative obscurity finally in 1963 after years in eclipse sorokin was recognized for his accomplishments when he was elected president of the american sociological association during a long and distinguished career sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field at the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues for his heresy the

flamboyant sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science as a result sorokin s ideas have been consistently ignored and misunderstood for more than a quarter century based on exhaustive research in sorokin s papers and the harvard archives as well as interviews with sorokin s surviving family members former students and colleagues this biography restores sorokin to his rightful place in the pantheon of american intellectuals

this book provides an essential introduction to the complex issues and debates in the field of crime control and the new politics of safety and security across the globe the contributions to this volume present a critique of current policy and open up the field of study to new directions

this is a comprehensive core text with fully integrated readings and a built in student study guide drawing on his 25 years of teaching experience professor glick presents all basic criminological concepts and theories 35 readings drawn from classic works popular magazines and government publications support the text s discussions and provide students with in depth information on criminal behaviour study guide features found at the end of each chapter help students organize the material and evaluate their understanding

bimonthly abstracts of journal articles and monographs covers material from psychiatric literature as well as from criminological sources entries arranged in classified order author subject indexes

this leading text for courses in criminology is known for its lucid style student oriented approach and its interdisciplinary global perspective the fourth edition further underscores this unique student centered approach by making a free student study cd making the grade available with every copy of the text a robust online learning center featuring chapter quizzes with feedback vocabulary flashcards interactive exercises and more is also available the adler text comes in two versions one with and the other without coverage of the criminal justice system for schools that retain the traditional criminology course which includes criminological coverage of criminal justice criminology

and the criminal justice system fifth edition is the ideal text for schools that offer a separate introductory course in criminal justice criminology fifth edition is the appropriate text

this new edition of the handbook of policing updates and expands the highly successful first edition and now includes a completely new chapter on policing and forensics it provides a comprehensive but highly readable overview of policing in the uk and is an essential reference point combining the expertise of leading academic experts on policing and policing practitioners themselves

seminar paper from the year 2010 in the subject sociology law and delinquency grade 17  
carl von ossietzky university of oldenburg language english abstract statistics are one of the basic instruments on which our society relies they are for instance used to detect trends or to develop theories on specific topics or in order to get public relevant information about the current situation in specific countries apart from that also governments use statistics so as to make certain decisions or to develop long term strategies on particular issues everything is at least in a small way affected by statistical data and their subsequent conclusions in order to support the importance of official statistics the federal constitutional court of germany stated in its decision on the census of population that official statistics are an indispensable basis for a welfare state all this also applies to the official criminal statistics governments for example use them to improve the performance of their own criminal justice system to achieve a safer environment for their citizens the public is interested in the data to find out about the crime risks in their neighborhood and how the authorities are dealing with it criminal statistics are frequently used by politicians or in the mass media to substantiate an allegation without challenging the data by doing this it is assumed that the statistics are infallible and present a full image of the extent of crime this point however has to be critically judged since official statistics seem to be both partial and subjectively constructed in this paper i will outline the positive and negative aspects of official criminal statistics moreover i will discuss if they have the ability to represent the full extent of crime or not

barlow s introduction to criminology is a comprehensive introduction to crime criminality and societal responses from a sociological perspective strong coverage of historical trends is a key feature of the text allowing students to examine recent events within a context of social change this edition has been updated throughout with current information and examples to reflect society s changing response to criminal behavior including new coverage of small business crime motorcycle gangs community policing aids in prison and the theories behind intelligence and crime and female crime
