teacher education is under more scrutiny than ever as standards based education is becoming more and more the norm although much literature is available that addresses developing teacher education no one addresses how to create and develop a master s level program gary r galluzzo joan packerisenberg c stephenwhite and rebecca k fox professors at the highly regarded graduate school of education at george mason university present a text to help deans and other professionals develop a master s level degree program that meets the standards of the national board for professional teaching standards the various sections explain in depth the facets of the program s design including how to qualify future students answering the call by the national board provide researched evidence around advanced studies in teaching and learning and lastly explore what will

become the new standards of accountability for teacher education using their own experience as they reconceived their own program for a master's degree for practicing teachers the authors provide first hand accounts of their own expectations outcomes and continual dilemmas to inspire more discussion how teacher education can improve the quality of teaching in america's schools
