this is a book of essays they are about the journey we all take through life all of us are

heading toward a real goal home we will each know our own home when we get there when these essays started coming out of my computer i did not know they were going to be essays i was totally astonished when his eye is on the sparrow showed up fully formed needing only slight tweaking to assume its final shape i looked it over this was an essay it could not be anything else carrying on with my writing i saw essay after essay appear on the screen of my computer some came out of my brain and heart almost as fully formed as the first some required much work i believe the work was worthwhile i believe the book is worthwhile i stand proudly behind every idea in this book i do not stand behind every word every major idea here is transformational and liberating i do not know how many major liberating transformational ideas there are in the world but as i write this i can think of maybe 20 or 30 no more on the other hand there are more than a half a million words in the three books you may find words with which you disagree i hope you do but it would be a step in the wrong direction for you to disagree with the ideas if you are completely satisfied with your current ideas about life if you know all you want to know about leading a joy filled life full of spirituality but devoid of empty religiosity if you are happy with your relationships with all the people who mean something to you if you have not thought about these things in many years and really don't care to think about them now if all this is true for you please close this book and stop reading immediately the way home is really three books in one cover each of the three is a complete unit but each book gains strength from the other two there are forty one essays in the way home and each essay is complete in itself but is also part of a unified whole book one provides an overview for the special person who will want to read a serious book of essays about how to lead life book two is for those who might want to know more about the author and how he became the person he is book three is for those who understand the first two these fortunate few will already be conscious citizens of the new world already emerging from the ashes of the complete failure of western civilization they know where they are going and how to get there they will have gained a sense of direction for everything they do and they will know how to regain balanced movement if they are ever threatened most of them will be able to do this because of a new religion they have adopted it may be called by the same name as the religion they have always had but it will be a new and intensely personal view of that religion this personal religion will use some of the language of the

religion into which the person was born that is christians may use mostly the words of jesus jews will not use jesus words at all the different sects of the moslem world will find different sections of the koran to emphasize and indians will quote the upanishads remarkably there will be no disagreement although each religion will be unique to one person alone
