this book provides a detailed cross country study of the automotive industry in south east asia  
abbott argues that contrary to prevailing opinion the diffusion of manufacturing in the asia  
pacific has been characterized by hierarchical networks of production linked to japan for  
technology

this introduction to the book m way reviews mahathir s economic policy legacy from the early  
1980s especially his major innovations in development policy including the look east policy the  
70 million population policy the national agriculture policy heavy industrialization malaysia  
incorporated privatization and the 1998 national economic recovery strategy involving capital  
and currency controls it also examines the way in which mahathir dealt with the new economic  
policy and subsequently introduced successor policies such as vision 2020 as well as the  
national development policy and the national vision policy

the japanese presence in southeast asia is treated variously with either suspicion or encouragement japan and malaysian development critically assesses different dimensions of japan malaysia economic relations the work presents a balanced collection of essays examining japanese involvement in malaysia the volume also discusses the impact and consequences of malaysian prime minister mahathir s look east policy which advocated greater emphasis on trading relations with japan

within a few short months in 1997 asian economies that had been considered not only healthy but miraculous suddenly fell off a precipice as investors withdrew massively first from asian currencies and in rapid order from equity markets across the region on october 27 1997 the turmoil in asian markets spooked wall street in the largest single day decline in history a drop of 550 points it was predicted that the asian crash could drive the us trade deficit from 191 billion to 300 billion by 1998 creating huge new tensions in relations with some of the largest us trading partners these wrenching changes following a generation of success raise numerous questions about the steps that led to the crisis its likely outcome and the limits and constraints of asian capitalism edith terry presents a blow by blow account of the crisis beginning with the 1996 collapse of the bangkok bank of commerce in her overview she links the fall of the asian miracle with the theme of globalization arguing that the crisis demonstrates the urgency of dismantling restraints to trade investment and financial services and that the united states should take leadership in pushing for new and sweeping reform through the world trade organization and in bilateral negotiations with its trading partners the final section of the book deals with the rise of the asian miracle how the myth was created who created it why it succeeded for so long and is informed by analysis of the japanese prototype
