the author examines how systems connect and the effects these connections have upon the successful adaptation of systems his conclusions are explained using general concepts such as input output or operation validated by theory and are applicable to concrete systems from these it is principally the specifics of human thinking and behavior that have been examined in detail the main

point of this model is its new approach to and new slant on modern academic research yet the conclusions of the model do not contradict current trends in modern psychology but rather are in harmony with other cultural systems beyond the scope of science such as religion art common sense

this sparkling book romps over the range of science and anti science jared diamond author of guns germs and steel revised and expanded edition in this age of supposed scientific enlightenment many people still believe in mind reading past life regression theory new age hokum and alien abduction a no holds barred assault on popular superstitions and prejudices with more than 80 000 copies in print why people believe weird things debunks these nonsensical claims and explores the very human reasons people find otherworldly phenomena conspiracy theories and cults so appealing in an entirely new chapter why smart people believe in weird things michael shermer takes on science luminaries like physicist frank tippler and others who hide their spiritual beliefs behind the trappings of science shermer science historian and true crusader also reveals the more dangerous side of such illogical thinking including holocaust denial the recovered memory movement the satanic ritual abuse scare and other modern crazes why people believe strange things is an eye opening resource for the most gullible among us and those who want to protect them

the express purpose of this book is to provide concrete evidence that the bible is not just a religious book it is a scientific book that teaches us how the universe was created it is a social book that teaches us how to live peaceably with our neighbors it is a prophetic and historical book that reveals how god has worked in the past to fulfill his promises and purposes and it is a spiritual book that teaches how god has revealed his will and purpose for humanity the book is divided into five volumes which deal with questions that we might ask about the bible and the origin of the universe the first four volumes of the book deal with the four dimensions of the bible volume 1 deals with the physical scientific dimension of the bible it seeks to answer the questions how did we get here how old is the universe and who are our ancestors volume 2 deals with the spiritual dimension of the bible and seeks to find universal principles from god s word that teach us how to live according to god s will volume 3 deals with the prophetic dimension of the bible it provides a historical record of how god has worked through the nation of israel to pre determine the events and conditions of life and judged the nation s responses to the events and conditions of life volume 4 deals with the social dimension of the bible it defines the four social institutions created by god the family human government the nation of israel and the church and describes how the universal principles discovered in volume 2 may be or have been applied in those four social institutions volume 5 summarizes the bottom line conclusions and recommendations from the scientific analysis of the four dimensions of the bible and it defines the meaning of the symbols that are used to represent the universal principles
