the third book in the winnicott clinic lecture series contains a lecture from the author on winnicott s theory on play he discusses winnicott s view on the importance of play and then moves on to presenting his own somewhat contradictory view on it the author provides an innovative and provocative perspective on the subject inviting people to think independently rather than accepting theories already laid out for them

reflection is a technique for aiding and reinforcing learning used in education and professional development this volume offers practitioners and students guidance that cuts across theoretical approaches enabling them to understand and use reflection to enhance learning in practice

reflection and reflective spaces in the early years will support readers in developing their own reflective practice and creating reflective environments for the young children and families they work with combining case studies and reflective tasks to compliment a range of theories concepts and alternative approaches to reflection this book shows how the reflective process can help practitioners adapt to rapid changes in the sector and improve professional practice drawing on action research alongside the use of japanese words and concepts such as ikigai exploring your reason for being hansei the art of honest self reflection and wabi sabi reflecting upon your perfectly imperfect self chapters are full of practical guidance activities and questions to prompt reflective thinking covering such topics as reflection and reflective theory the art of self reflection the reflective underground creating reflective spaces in the early years the rainbow researcher framework how to create reflective spaces in early years exploring creative methods of reflection this book will be invaluable reading for early years practitioners tutors and early years students on level 3 courses and foundation degrees but also for anyone interested in reflection or starting an academic or professional journey where you are required to reflect upon your practice

critical reflection and reflective practice are at the heart of modern healthcare but what do these terms really mean this

textbook analyses and explores the significance of reflection in professional health and social care practice taking an interdisciplinary approach this book presents a structured method that empowers you to both challenge and develop your own practice new to this edition updated to reflect global developments in contemporary understandings of reflective practice a brand new chapter on reflective and reflexive practice engaging chapter exercises and key takeaway features to reinforce and support learning containing real life case studies and reflective activities this book is an essential guide to critical reflection for all students academics and practitioners alike enhancing both personal and professional development

this edited volume presents a model that embraces four components of reflective practice planning acting reflecting and evaluating the complexities of reflective practice are manifested through three aspects of reflection problem solving action orientatedness and critical reflection to provide practical guidance the audience is presented with various sets of experiences within the field of education which represent different foci and criticality of reflection the experiences are described through different lenses from individual to groups of educators the chapters provide a reconceptualisation of reflection which underpins an effective reflective practice therefore readers are provided with information that demonstrates the different phases of reflection that make up an effective cycle of reflective practice it is through the chapters that readers will be able to distinguish the different foci and levels of reflection thus enabling them to engage in reflective practice more effectively the malaysian context that the book brings gives readers insights into a lesser known context and its people culture and educational system as a whole for comparison the book is written with the needs of student teachers and teacher educators in mind however the model reconceptualised is transferable to other disciplines too

annotation offers scholars and practitioners a detailed examination of the role of reflection in managerial learning
