all of jim brown s forex books are consistently ranked best sellers on major platforms here is why at no extra cost or on costs jim shares with his readers his custom indicators for the mt4 mt5 metatrader platforms and tradingview as a download package along with all images in the book an invitation to join his free facebook and telegram groups with over 9 000 new and experienced forex traders contributing including daily interaction with jim jim calls his trades live shares his results and records weekly trade analysis videos on his youtube channel contact jim should you require any clarification on these trading methods jim from queensland australia is a full time forex trader currently residing in south east asia in this book jim goes over his thoughts on forex trading and how the markets have evolved over the years including some fundamentals of what affects the markets he encourages you to think a little differently about your approach to trading most traders fail at trading long term so jim will present you with many ways and techniques to approach the fx market and hopefully make you a better trader than most this book is primarily written for intermediate experienced forex traders with a basic understanding of trading terminology and how the forex market works the book is not limited to forex trading as these trading methods can be used on any trading instrument s price chart e g stocks futures metals commodities metals indices or crypto it also covers some higher risk trading strategies that may not be suitable for all traders such as mention of trading without stop losses high leverage accounts multiple trades on the same forex pair s at the same time which may include trades in opposite directions at the same time hedging and a variation of martingale trade management techniques some may not be comfortable with this or may reside in a jurisdiction that doesn t allow this type of trading but having said that he also demonstrates the same trading setups using the more traditional lower risk style of trading so please don t be put off by the mention of higher risk trading as he does cater to all levels of risk as part of a download package accompanying this book you will be provided with custom indicators for mt4 and mt5 as well as some templates for those platforms you will also be provided the same indicators

scripts for tradingview and downloadable images from the book you may not wish to conduct your actual trading off the mt4 mt5 or tradingview platforms however as this method relies on the use of jim s custom indicators which he had specifically built for metatrader and tradingview consequently you will need to download a free mt4 mt5 or tv platform to enable you to conduct your trade analysis and then place your actual trades on your preferred broker s platform jim s other books – forex trading the basics explained in simple terms – mt4 mt5 tradingview high probability forex trading method – trading forex with divergence on mt4 mt5 tradingview – forex trading journal patience courage discipline jim has been featured on desire to trade podcast with etienne crete trading nut podcast with cam hawkins

inside a unique system that allows you to identify and trade key turning points in the forex market the financial markets are in a constant state of affirming breaking and developing new support and resistance areas traders use a variety of methods to project support and resistance points based on past price action however the question of whether those areas will hold or break in real time is a much more difficult calculation in the rds forex system former pit trader michael radkay provides forex traders with a unique system for identifying support and resistance zones in the foreign currency market and developing profitable trading strategies around those zones the system uses market volatility momentum and chart patterns to calculate support and resistance zones as prices reach a specific zone objective trading strategies are put in place to profit from the next movement the book will show how this system gives traders a continuous sense of the market s directional bias identifies potential turning points and recommends levels to take profits off the table highlights the rotating directional system rds a computer based longer term application of the methodology used by many successful pit traders discusses how to use a variety of indicators to identify support and resistance areas reveals strategies employed to profit from market swings the rds forex system is an ideal guide for retail traders actively involved in the forex market

your trading strategy is great but your money management is failing you we all know that 95 of traders lose money the truth is that this has nothing to do with their strategy its all about money and trade size management an average profitable trader has a win rate of only 50 55 they have mastered the skill of money management and so should you in this course you will learn the difference between profitable traders and losers the simple secret you should know trading is a 50 50 chance game how to make that work in your favor align your trading to your goals to eliminate guess work and panic trading and of course in all this we will handle the math of trade sizing and management this is the bridge to your future profitability get your copy now
