several decades of international aid predominantly granted by the highly developed world the haves for the use of ict in developing regions known by several labels such as the have nots bottom of the pyramid the south or some time ago the third world have passed but the holy grail of turning these societies into the ideals defined by the donors is still elusive previously the emphasis was on top down approaches in this endeavour now priority is increasingly given to bottom up approaches putting the targeted communities first using methods such as co creation and living labs information and communication technologies for development ict4d is still a domain in search of a common ground the many different perspectives from diverse ideologies paradigms and theoretical perspectives here lead to an interesting debate but meanwhile agents of social change are doing their best to change communities ostensibly for the better an ongoing endeavour this discussion requires further

investigation of the complexities of techno societies the contributions to this volume range from explorations of theory models and methods to investigations into the practical implementation of ict in communities covering the characteristics of social groups and different generations and gender issues as well as its applications in education and health as such the contributions in this book will inform continuing debates concerning the role of ict in developing communities on the wrong side of all the technical and social divides in human societies

this report describes the gathering and evaluation of evidence of the criterion related validity of the army core leader competency model predictor data in the form of ratings of the competencies and components were collected from subordinates criterion data in the form of ratings of leader effectiveness were collected from supervisors results showed evidence of the criterion related validity for the army core leader competencies implications for an instrument to assess the competencies and components are also discussed stinet

choice outstanding title h r haldeman president nixon s former chief of staff is said to have boasted every president needs a son of a bitch and i m nixon s i m his buffer and i m his bastard i get done what he wants done and i take the heat instead of him richard ellis explores the widely discussed but poorly understood phenomenon of presidential lightning rods cabinet officials who take the heat instead of their bosses whether by intent or circumstance these officials divert criticism and blame away from their presidents the phenomenon is so common that it s assumed to be an essential item in every president s managerial toolbox but ellis argues such assumptions can oversimplify our understanding of this tool ellis advises against indiscriminate use of the lightning rod metaphor such labeling can hide as much as it reveals about presidential administration and policymaking at the cabinet level the metaphor often misleads by suggesting strategic intent on the president s part while obscuring the calculations and objectives of presidential adversaries and the lightning rods themselves ellis also illuminates the opportunities and difficulties that various presidential posts especially secretaries of state chiefs of staff and vice presidents have offered for deflecting blame from our presidents his study offers numerous detailed and instructive examples from the administrations of truman dean acheson eisenhower richard nixon john foster dulles herbert brownell and ezra taft benson lbj hubert humphrey ford henry kissinger and reagan james watt these examples ellis suggests should guide our understanding of the relationship between lightning rods and presidential leadership policymaking and ratings blame avoidance he warns does have its limitations and may even backfire at times nevertheless president clinton and his successors may need to rely on such tools the presidency ellis points out finds itself the object of increasingly intense partisan debate and microscopic scrutiny by a wary press lightning rods can deflect such heat and help the president test policies gauge public opinion and protect his political power and public image ellis s book is an essential primer for helping us understand this process
