this book explores how psychological empowerment can influence and enhance job  
satisfaction the authors argue that in today s working climate the wellbeing and  
involvement of employees is of utmost importance to any company s overall success  
and that management techniques like empowerment are the most effective means of  
achieving this goal based on an empirical study examining job satisfaction amongst  
employees of several private sector public sector and new generation banks in kerala  
india as well as extensive literature review this book discusses the role psychological  
empowerment plays in enhancing job satisfaction both locally and internationally it  
goes on to analyze four dimensions of psychological empowerment and the role of job  
satisfaction in the relationship between psychological empowerment and job related  
stress this book will be of great interest to scholars in management and psychology  
and is essential reading for industrialists and managers wanting to apply  
empowerment strategies in their own workplace

in its detailed analysis of primary school teachers and pupils attitudes towards  
integration this book locates the question of inclusive education within the wider  
educational context the wealth of original interview material sheds new light on the  
reality of everyday life in an educational settings and shows us the nature and intensity  
of the straggles experienced by both teachers and pupils in their efforts to promote  
more inclusive school practices the author s sensitive investigation of the relationship  
between teachers contradictory views of the special and their integration and the  
wider social structures in which teachers work adds to our understanding of the  
inevitable difficulties in promoting inclusive educational practices within a system  
which functions via exclusive mechanisms
