who am i what is justice what does it mean to live a good life many of the fundamental questions of philosophy are questions that we begin to ask ourselves as young adults when we look at the world around us at ourselves and try to make sense of things this engaging and accessible book invites the reader to explore the questions and arguments of philosophy through the work of one hundred of the greatest thinkers within the western intellectual tradition covering philosophical scientific political and religious thought over a period of 2500 years philosophy will serve as an excellent guide for those interested in knowing about individual thinkers such as plato aristotle rousseau and nietzsche to name just a few and the questions and observations that inspired

them to write by presenting individual thinkers details of their lives and the concerns and circumstances that motivated them this book makes philosophy come to life as a relevant and meaningful approach to thinking about the contemporary world a lucid and engaging book full of thought provoking quotations as well as clear explanations and definitions philosophy is sure to encourage students and laymen alike to investigate further

this book invites the reader to explore philosophy through the work of one hundred great thinkers

philosophy 100 essential thinkers the ideas that have shaped our world is an a to z format covering the ideas of history s most influential thinkers from thales of miletus to contemporary philosophers such as wittgenstein and peter singer

as far as the roots of civilization dwell therein lies the birth of its intertwining with religion religion has often been the origin of dissent or war amongst different nations in their efforts to conform opposing societies to their own view of what is right gathering together a cohesive timeline from the onset of organized religion and government to its current manifestation in premiere countries such as england the united states and china civilization god and the end of democracy reviews opposing viewpoints and evidence for what could potentially be the beginning of the end of democracy as we know it however although this democracy has become corrupt and distorted in places there is still hope that it will serve as a version but an as yet unseen one of its original intent

philosophers scientists and atheists seem to have a tendency toward avoiding god in positing their premises however divine law should not be excluded from analysis in actuality god and the bible have played more of a role in the education and development of the minds of major thinkers than you might think in the proven god balderston suggests that the big bang theory and other scientific and philosophical conventions are influenced by the divine and indicative of the truth god is real denial of god too often reigns supreme and for the wrong reasons through an exploration of the centuries greatest thinkers eyes will open to the farce that is a reality without god who is the cause of all we enjoy and who provides our enlightenment in an interesting analysis of a broad range of philosophical viewpoints balderston explores those who have converted from being an atheist non believer to being christianâ and maintained their logic the book concludes with advice on how to live with doubt an issue that is pervasive for the believer and the non believer alike through our own

doubts we experience our existence and understand our purpose allow this read to awaken you to a new enlightenment and age of reason a clarification and understanding of modern thinking and the attributes of the divine

many books have sought to introduce the writings of the infamous and influential philosopher friedrich nietzsche but get over yourself puts matters the other way round rather than simply explaining his thought it instead asks what would nietzsche make of us what would he think of our 21st century digital age in our time of identity politics therapy culture safe spaces religious fundamentalism virtue signalling twitterstorms public emoting dumbing down digital addiction and the politics of envy the book introduces nietzsche by putting the man in our shoes get over yourself both uses nietzsche s philosophy to understand our society and takes our society to explain his philosophy

the geographical extent of the orient and occident is a validation of the cultural and ideological differences that have existed with constancies between the two hemispheres throughout the ions of time ideological pluralism has been the common practice of the inhabitants of both spheres but with unique manifestations christianity along with other religions are warmly embraced and pragmatically characterized by the orientals and occidentals with reserved peculiarities oriental christians viewed pneumatology as being a significant particle of their theological and liturgical lives while occidental christians see christology as the primal substance in christianity although both groups have a history of singling out this distinction over the years theologians and theology have helped both sides understand the importance of both pneumatology and christology in christianity it is concertedly understood that neither of the two can be studied or taught without the other their inseparable existence makes christianity a complete whole the authors exploration and literary expedition through myriad of sources allow him to compile data relevant to understanding the importance of the holy ghost and spiritual gifts within the christian community whether a secular or non secular intellectual you will find the information in this book to be rewarding resourceful and informative you will come across comments from some of humanitys and christendoms finest and brightest academics in an eclectic form join the author now on his literary expedition welcome

it is the mark of an educated mind to be able to entertain a thought without accepting it aristotle this illustrated guide showcases the major philosophers of the western tradition concise and informative it provides

an ideal introduction to their lives ideas and the effect those ideas have had on the wider world both easy to use and a stimulating read this book is an ideal reference for anybody interested in philosophy and especially for those who want a clear entertaining exposition of the ideas that shape the way we think key features a z format covering the ideas of many of history s most influential thinkers from aristotle and cicero to controversial contemporary philosophers such as peter singer and jacques derrida at a glance summaries of the major works of each philosopher featured fully illustrated

the book title the proof is in the pudding means that to fully test something you need to experience it yourself my goal was to prove that we do have a soul and there is a spiritual reality why i wanted to prove this was because i have had many spiritual events in my life when i was three years old i had a near death experience so i knew i had a soul because i was outside my body and able to travel until i returned to my body however i never told the public until 2010 in an article i wrote for a magazine later in life i found a need within myself to find the answers to my experiences so after many years of studying these events of my own and others including social research of ancient philosophers i found they believed there is a spiritual reality and it was the cause for the physical reality and our world they also believed that there was a higher power that created all there is in both realities metaphysics was their world view so the hope i wish to bring from this book is this if we utilize our soul we will gain the insight to all our problems and be able to solve them here are two quotes from ancient philosophers that have changed my world view on being our true selves plotinus believed that man should reject material things and should purify his soul and lift it up to a communion with the one internet encyclopedia of philosophy good summary of plotinus and his teachings those who obtain divinity become gods but by nature there is only one god but many by participation boethius 480 ad to 524 ad philosophy 100 essential thinkers philip stokes page 82 i believe it is possible to be less materialistic and align our soul with a higher power to live like a god serving mankind like others have demonstrated it just might be the best parent member of your community etc or try living your best by practising the st francis prayer in your daily affairs this will allow you to live in wholeness the benefits are great i think my pocket book of hope may help people be more open minded and seek truth

who am i what is justice what does it mean to live a good life fully illustrated throughout this engaging and accessible hardback book invites readers to contemplate the ideas of 100 key philosophers within the western intellectual tradition covering philosophical scientific political and religious thought over a period of 2500 years

100 great philosophers who changed the world serves as an excellent guide to this history of philosophy and the progress that has been made in interpreting the world around us these figures include aristotle jean jacques rousseau karl marx simone de beauvoir noam chomsky w v o quine by presenting details of their lives and the concerns and circumstances that motivated them this book makes philosophy come to life as a relevant and meaningful approach to thinking about the contemporary world

the royal air force saw salvation in the doctrine of an offensive by a bomber force which would sail over trenches and then on to the enemy cities and annihilate the ability of the enemy to wage war this text gives a view of how that doctrine driven by courage and coldly sharpened by scientists brought those visions to reality

homo angelicansis discusses a new species that has evolved beyond primates and homo sapiens and into a spiritual realm the historical contributions of philosophers christian church fathers heretics occultists biologists physicists and archaeologists are examined and synthesized with the help of cosmology and evolution the author guides the reader on a startlingly original theory of where evolution has led mankind and what lies ahead

cd rom contains a database of children s literature
