previously professionals had to make judgment calls based on subjective criteria including their own acumen in their decision making in order to combat this subjectivity maturity models can be implemented to allow organizations a means of assessing everyday processes and to offer a path towards advancement using transparent objective criteria diverse applications and transferability of maturity models is a pivotal reference source that provides vital research on the application of maturity models in organizational development in a variety of work environments while highlighting topics such as open government archives and records management enterprise content management and digital economy this publication explores methods to help organizations effectively implement plans in any given management system this book is ideally designed for professionals and researchers seeking current research on a variety of social science and applied science fields including business studies computer science digital preservation information governance information science information systems public administration records management and project management

the following short book discusses islamic supplications found in the holy quran and the traditions of the holy prophet muhammad peace and blessings be upon him adopting positive characteristics leads to peace of mind

in this day and age it has become a common and accepted practice to unleash one s tongue and use it in the incorrect way the ultimate loser of this attitude is the speaker even if they obtain worldly things through this behaviour a hadith found in sahih muslim number 7482 warns that a person may utter a word which they deem insignificant but it will cause them to sink into hell further than the distance between the east and west of this world it is confirmed in a hadith found in sunan ibn majah number 3973 that words are the main cause of people entering hell it is clear from the holy quran that each word a person utters is recorded and they will be held accountable for it on the day of judgment chapter 50 qaf verse 18 he i e man utters no word except that with him is an observer prepared to record this should make it clear to all the significance of the words they speak and the importance of constantly keeping their tongue in check this is not possible to achieve without knowledge therefore this book will discuss the different dangers of the tongue and how to avoid them adopting positive characteristics leads to peace of mind

finish manufacturing processes are those final stage processing techniques which are deployed to bring a product to readiness for marketing and putting in service

over recent decades a number of finish manufacturing processes have been newly developed by researchers and technologists many of these developments have been reported and illustrated in existing literature in a piecemeal manner or in relation only to specific applications for the first time comprehensive materials finishing three volume set integrates a wide body of this knowledge and understanding into a single comprehensive work containing a mixture of review articles case studies and research findings resulting from r d activities in industrial and academic domains this reference work focuses on how some finish manufacturing processes are advantageous for a broad range of technologies these include applicability energy and technological costs as well as practicability of implementation the work covers a wide range of materials such as ferrous non ferrous and polymeric materials there are three main distinct types of finishing processes surface treatment by which the properties of the material are modified without generally changing the physical dimensions of the surface finish machining processes by which a small layer of material is removed from the surface by various machining processes to render improved surface characteristics and surface coating processes by which the surface properties are improved by adding fine layer s of materials with superior surface characteristics each of these primary finishing processes is presented in its own volume for ease of use making comprehensive materials finishing an essential reference source for researchers and professionals at all career stages in academia and industry provides an interdisciplinary focus allowing readers to become familiar with the broad range of uses for materials finishing brings together all known research in materials finishing in a single reference for the first time includes case studies that illustrate theory and show how it is applied in practice
