this book offers a comprehensive analysis of economic crimes and market  
irregularities including matters of trickery parallel economy illicit trade economies of  
violence and criminalisation of the poor in neoliberal africa it investigates economic  
crime as a phenomenon of neoliberal reform and transformation and it unpacks crime  
as a societal and particularly as a political economic phenomenon under capitalism the

book brings together a collection of research articles briefings and updated blog posts that were published over a period of nearly 40 years 1986 2023 in the acclaimed journal review of african political economy roape and on its website roape net featuring contributions from leading experts in the field including a foreword by yusuf k serunkuma and an afterword by laureen snider this volume explores what these crimes have to do with and can tell us about state business relations regulation capitalist transformation and the corporation on the continent shedding light on the co production of the crimes by a range of actors from the realms of business politics state and international development including major reform advocates such as international financial institutions ifis and other donors it responds to the imperative to advance the analysis of the link between capitalism and crime in africa and to locate capitalism more centrally in the analysis of economic crimes as more african countries move from being societies with capitalism to capitalist societies illustrating the relevance of african countries to debates in criminology corporate crime state crime crimes of the powerful and illegality this volume engages with and mobilises a variety of literatures to analyse economic crimes as phenomena of global and local capitalism and provides readers from academia government business media civil society and education a striking source of information and analysis

international cartels are powerful organizations that impact our everyday lives although they are little known this book presents 15 historical case studies of international cartels that include agricultural and mineral commodities the machinery industry telephone equipment whiskey and cement these cases reveal that international cartels manipulated prices and shared markets over many decades but that their real impact was far wider the global convergence towards criminalizing serious cartel conduct has seen a revival in historical research on cartels and competition policy the regulation of anti competitive behaviour has changed over time to understand why the us european and other modern economies altered their policies through the 20th century it is critical to understand when how and why governments have interacted with and been influenced by business organizations

such as cartels this volume draws together researchers from different nations to examine the impact of international cartels on the experience of individual nations those nations interactions with one or more international cartels and ultimately the interactions of individual nations with the wider international community this book will be of interest to researchers academics and advanced students in the fields of business and economic history political economy and government policy as well as those interested in cartels and their impact on the wider economy

despite concerns linked to short term and cyclical risks including unequal development policy uncertainty declining oil prices and localised unrest the longer term growth fundamentals are clear following the presidential elections in march 2015 the newly elected government of president muhammadu buhari will face a host of challenges ranging from high levels of rural poverty to concerns over governance and an insurgency in the north the outcome of the presidential elections gave nigeria its first peaceful handover of power in more than 16 years as well as a boost of momentum that along with its economic fundamentals places it on the cusp of potentially long term broad based growth

this comprehensive handbook illuminates the objectives and economics behind competition law it takes a global comparative approach to explore competition law and policy in a range of jurisdictions with differing political economies legal systems and stages of development a set of expert international contributors examine the operation and enforcement of competition law around the world in order to globalize discussions surrounding the foundational issues of this topic in doing so they not only reveal the range of approaches to competition law but also identify certain basic economic concepts and types of anticompetitive conduct that are at the core of competition law
