more than 40 years before gary taubes published the case against
sugar john yudkin published his now classic exposé on the dangers
of sugar reissued here with a new introduction by robert h lustig
the bestselling author of fat chance scientist john yudkin was the
first to sound the alarm about the excess of sugar in the diet of
modern americans his classic exposé pure white and deadly clearly
and engagingly describes how sugar is damaging our bodies why we
eat so much of it and what we can do to stop he explores the ins

and out of sugar from the different types is brown sugar really better than white to how it is hidden inside our everyday foods and how it is harming our health in 1972 yudkin was mostly ignored by the health industry and media but the events of the last forty years have proven him spectacularly right yudkin s insights are even more important and relevant now with today s record levels of obesity than when they were first published brought up to date by childhood obesity expert dr robert h lustig this emphatic treatise on the hidden dangers of sugar is essential reading for anyone concerned about their health the health of their children and the wellbeing of modern society

sugar it is killing us why do we eat so much of it what are its hidden dangers in 1972 when british scientist john yudkin first proved that sugar was bad for our health he was ignored by the majority of the medical profession and rubbished by the food industry we should have heeded his warning today one in four adults in the uk are overweight there is an epidemic of obese six month olds around the globe sugar consumption has tripled since the second world war using everyday language and a range of scientific evidence professor yudkin explores the ins and out of sugar from the different types is brown sugar really better than white to how it is hidden inside our everyday foods and how it is damaging our health brought up to date by childhood obesity expert dr robert lustig md his classic exposé on the hidden dangers of sugar is essential reading for anyone interested in their health the health of their children and the health of modern society
