evaluating communication for development presents a comprehensive framework for evaluating communication for development c4d this framework combines the latest thinking from a number of fields in new ways it critiques dominant instrumental accountability based approaches to development and evaluation and offers an alternative holistic participatory mixed methods approach based on systems and complexity thinking

and other key concepts it maintains a focus on power gender and other differences and social norms the authors have designed the framework as a way to focus on achieving sustainable social change and to continually improve and develop c4d initiatives the benefits and rigour of this approach are supported by examples and case studies from a number of action research and evaluation capacity development projects undertaken by the authors over the past fifteen years building on current arguments within the fields of c4d and development the authors reinforce the case for effective communication being a central and vital component of participatory forms of development something that needs to be appreciated by decision makers they also consider ways of increasing the effectiveness of evaluation capacity development from grassroots to management level in the development context an issue of growing importance to improving the quality effectiveness and utilisation of monitoring and evaluation studies in this field the book includes a critical review of the key approaches methodologies and methods that are considered effective for planning evaluation assessing the outcomes of c4d and engaging in continuous learning this rigorous book is of immense theoretical and practical value to students scholars and professionals researching or working in development communication and media applied anthropology and evaluation and program planning

the perspective that informs this important book is that every evaluation of a capacity development effort should itself contribute to the capacity development effort and ultimately to the organization s performance this is a revolutionary idea in evaluation with the idea have come the questions can it be done and if it is done what will be the consequences this book elucidates and deepens the idea shows it can be done and examines the consequences both intended and unintended of engaging in capacity development evaluation

organising for a successful future as if people mattered an examination of the principles and practices of the best organisations

this book provides the reader with the cognitive keys and practical guidelines to manage acquisitive growth in the digital era it takes a distinct managerial perspective on acquisitions with a relentless focus on how enterprise architecture ea relates to value creation the book builds upon an extensive fundament of rigorous research first hand experiences from using enterprise architecture to catalyze acquisitions in several fortune 500 companies and a wide pool of case examples from leading firms in the us europe and australia the book is divided into three parts part i addresses the fundament for the book by decomposing the problem of acquisitive growth and explaining how advance in ea practices have created the potential for mitigating the challenges part ii then details how an advanced ea capability can contribute to the different phases of an acquisition process lastly part iii provides hands on guidance on how to implement ea in the acquisition

process and concludes with a summary and personal advice from the authors as notes on the journey ahead overall this book explains how enterprise architecture can be used to unlock the value potential in acquisitions without bringing the need for a major organizational restructure it provides managers ea professionals and mba students with the cognitive keys to characterize the problems and to craft and implement effective solutions

a constructionist grounded theory study of african american tobacco control organizations was conducted the study purpose was to understand the work of african american tobacco control organizations conducting tobacco control activities within the african american community semi structured interviews were conducted with 11 organizations throughout the united states
