how did the author of the gospel of luke intend it to be read in the spiral gospel rob james shows that the assumptions many modern readers bring to the text that it claims to be historically factual or merely regurgitates existing stories are not those of antiquity building on the central insight that it was written for a community who would have used it as their pre eminent text james argues convincingly for a continuous cyclical reading of luke s narrative the evidence for this view and also its consequences can be seen in the gospel s intratextuality context is given at the end of the gospel that informs the beginning and there are countless other intratextual elements throughout the text that are most readily noticeable on a second or subsequent reading this deliberate creative interweaving on the author s part opens up new levels of appreciation and faith for those who read in the way luke s first audience received his work

john phillips writes with enthusiasm and clarity cutting through the confusion and heretical dangers associated with bible interpretation moody magazine

the revelation of st john the last book of the canonical bible has been a mystery since it first appeared no other part of the bible has caused more controversy traditional interpretations of the book fall into one of three categories the major prophecies that are supposed to have been fulfilled in the destruction of jerusalem in 70 a d the historical view that revelation predicts the course of human events from the founding of christianity to the end of the world or the futurist view that revelation predicts events that will occur at the end of the world it s actually none of the above writes zachary f lansdowne a leading expert in the field of spiritual initiation in the introduction to this rich and complex interpretation he writes according to its own verses the revelation is concerned with the present time which is whatever time we happen to be reading it and contains information that we can apply immediately to become blessed this is not a book about end times or armageddon and when it might come this is a book written entirely in symbols concealing a path for early christians and for the contemporary reader lansdowne has applied a unique psychological method of interpretation that takes each symbol as depicting some aspect of human consciousness rather than an eternal event thus showing that the revelation is actually a detailed instruction for the spiritual journey a map to the wakening of higher consciousness moreover while the revelation appears in the great lineage of judeo christian tradition lansdowne shows that its instruction can be

appreciated and applied to seekers from any tradition lansdowne s line by line and verse by verse interpretation presented here in an easy to read side by side format is a manual for the true seeker who would follow teachings of jesus as they were and are laid out rather than as they have been interpreted by theologians and biblical historians the revelation of st john when unlocked by the key of psychological methodology is revealed to contain ideas from many diverse wisdom traditions and philosophies archangels in judaism chakras and kundalini in hinduism buddhist mindfulness the redemptive power of love in christianity and absolute standards of comparison in platonic philosophy zachary lansdowne s revelatory text makes these teachings of the path to true soul initiation available to seekers from every spiritual tradition

the book of revelation has long intrigued puzzled and even frightened its readers surely it is the most misunderstood book in the bible and some faulty interpretations of revelation are so entrenched in the consciousness of christians that they are regarded as gospel truth and provide riveting plot lines for end time fiction but behind the ancient multimedia show that is revelation lies a message both simple and profound it is told in a language and grammar of faith that was clearly understood by its first christian audience much as a music video would scarcely have been understood by first century citizens though it is immediately understood by youthful audiences today so we are puzzled by and misread revelation paul spilsbury has studied revelation in the company of its best interpreters those who have taken the time to enter the minds of the first century christians for whom it was originally written and what has he found within the central images of a throne a lamb and a dragon lies the answer the gospel clearly proclaimed the glory of god awesomely illumined the work of christ memorably embodied the nature of evil hauntingly disclosed here is a guide that will help us hear revelation speak once again inspiring grateful worship and calling us to costly discipleship
