naval warfare 1919 45 is a comprehensive history of the war at sea from the end of the great war to the end of world war two showing the bewildering nature and complexity of the war facing those charged with fighting it around the world this book ranges far and wide sweeping across all naval theatres and those powers performing major as well as minor roles within them armed with the latest material from an extensive set of sources malcolm h murfett has written an absorbing as well as a comprehensive reference work he demonstrates that superior equipment and the best intelligence ominous power and systematic planning vast finance and suitable training are often simply not enough in themselves to guarantee the successful outcome of a particular encounter at sea sometimes the narrow difference between victory and defeat hinges on those infinite variables the individual s performance under acute pressure and sheer luck naval warfare 1919 45 is an analytical and interpretive study which is an accessible and fascinating read both for students and for interested members of the general public

the wolf is one of the most widely distributed canid species historically ranging throughout most of the northern hemisphere for millennia it has also been one of the most pervasive images in human mythology art and psychology wolves and the wolf myth in american literature examines the wolf s importance as a figure in literature from the perspectives of both the animal s physical reality and the ways in which writers imagine and portray it author s k robisch examines more than two hundred texts written in north america about wolves or including them as central figures from this foundation he demonstrates the wolf s role as an archetype in the collective unconscious its importance in our national culture and its ecological value robisch takes a multidisciplinary approach to his study employing a broad range of sources myths and legends from around the world symbology classic and popular literature films the work of scientists in a number of disciplines human psychology and field work conducted by himself and others by combining the fundamentals of scientific study with close readings of wide ranging literary texts robisch astutely analyzes the correlation between actual living wolves and their representation on the page and in the human mind he also considers the relationship between literary art and the natural world and argues for a new approach to literary study an ecocriticism that moves beyond anthropocentrism to examine the complicated relationship between humans and nature

a new sweeping narrative history of american news media that puts race at the center of the story from the earliest colonial newspapers to the internet age america s racial divisions have played a central role in

the creation of the country s media system just as the media has contributed to and every so often combated racial oppression news for all the people reveals how racial segregation distorted the information americans received from the mainstream media it unearths numerous examples of how publishers and broadcasters actually fomented racial violence and discrimination through their coverage and it chronicles the influence federal media policies exerted in such conflicts it depicts the struggle of black latino asian and native american journalists who fought to create a vibrant yet little known alternative democratic press and then beginning in the 1970s forced open the doors of the major media companies written in an exciting story driven style and replete with memorable portraits of journalists both famous and obscure news for all the people weaves back and forth between the corporate and government leaders who built our segregated media system such as herbert hoover whose federal radio commission eagerly awarded a license to a notorious ku klux klan organization in the nation s capital and those who rebelled against that system based on years of original archival research and up to the minute reporting and written by two veteran journalists and leading advocates for a more inclusive and democratic media system news for all the people should become the standard history of american media

from colonial newspapers to the internet age america s racial divisions have played a central role in the creation of the country s media system just as the media has contributed to and every so often combated racial oppression this acclaimed book called a masterpiece by the esteemed scholar robert w mcchesney and chosen as one of 2011 s best books by the progressive reveals how racial segregation distorted the information americans have received even as it depicts the struggle of black latino asian and native american journalists who fought to create a vibrant yet little known alternative democratic press written in an exciting story driven style and replete with memorable portraits of journalists both famous and obscure news for all the people is destined to become the standard history of the american media
